

POLICE ROUT CHICAGO REDS

WINDS DELAY COURTNEY HOP ACROSS OCEAN

Calls Off Flight Set to Begin Today.

BULLETIN.
NORTHAMPTON, England, Aug. 9.—(Special.)—Owing to adverse wind conditions, Capt. Frank T. Courtney called at 9 a. m. that he would not make an attempt this morning to fly to Valencia, Ireland, on the first leg of his trans-Atlantic flight. He had been studying weather conditions since 3 a. m., at which time his flying boat, the "Whale" was made ready for the hop-off, as he expected to get away about 6:30 a. m. Just now he plans to start now has not been announced.

CALISNOT, England, Aug. 10.—(Special.)—At 3 o'clock this morning the flying boat "Whale" in which Capt. Frank T. Courtney hopes to fly across the Atlantic to Newfoundland and New York, was being filled with gasoline for the start of the journey.

Under the glare of three giant searchlights, which flooded the surrounding waters with a white light, E. F. Little, mechanic, and F. W. Downer, aviator, who are to accompany Courtney, were supervising the last operations with Royal Air Force men standing by to give all help possible.

Capt. Courtney was expected to leave the "Whale" at 4:30, with the intention of getting away for Valencia, Ireland, his first stop, at 6:30.

He holds two in Paris. PARIS, Aug. 9.—(Special.)—A downpour of rain and the threat of a storm prevented Commander Richard E. Byrd from waiting for the "Whale" to leave, holding up last minute preparations of the four planes now being prepared for the long hop across the Atlantic.

The rain made test flights impossible for the trans-Atlantic planes and they are not yet quite ready to attempt the flight. The spirit of the French pilots, Maurice Drouhin of the "Columbia" and Leon Givon of the "Falcon", who are both ready and anxious to take the air.

The "dark horses" in the race, however, are the mysterious "Tango Bird" and "Columbia", who are tuning up their engines, were busy all day hurrying their machines into shape.

Two Are Entirely Ready. The "Columbia" and "Falcon" received only a supplementary inspection to make assurance double sure that they were ready.

The machine tanks of the "Columbia" were filled today and all that now remains is to put aboard provisions. The "Columbia" is the favorite in aviation circles as the first to get away as she is the first to reach the other side, but few believed this evening that any of the four machines will be able to take off before Saturday in view of the persistently bad weather reports from the Atlantic.

Who is looking up as a forerunner, competitor, will have as his opponent, the "Falcon" of the French aviator, M. de la Brie of the French navy.

Who is looking up as a forerunner, competitor, will have as his opponent, the "Falcon" of the French aviator, M. de la Brie of the French navy.

WHEN THE AMERICAN LEGION REVISITS FRANCE

FIREMAN KILLED BY FALL AFTER PARTY IN FLAT

Two city firemen and two street car men are being held by the police to await the inquest into the death of John J. O'Brien, 7835 South Morgan street, a fireman belonging to Engine company 129, which followed a fall down stairs early this morning at 716 West 47th street.

The firemen held are Robert McCauley, 8223 South Morgan street, and Thomas P. Finn, 826 West 53d place. The street car men are Edward Hartnett, 4514 Emerald avenue. According to Lieut. James A. Muller of the Greatham station the men had been having a party in the flat at the 47th street address and a quarrel started. Some of the men, left. They said O'Brien started to hunt for them and fell down the stairs. His companions rushed him home in an automobile but he was unconscious when he reached there. Dr. M. P. McGuire, 5451 South Halsted street, was called and found O'Brien was dead.

Police said a quantity of beer was found in the flat which is occupied by John Griffin, who gave his home address as 6841 South Lincoln street.

FIGHT IN AIRSHIP; 1 DIES, 1 HURT AS PLANE CRASHES

Wichita, Kan., Aug. 9.—(Special.)—A fight in the air between two airmen preceded the crash in which Lieut. G. A. Pearson of St. Paul, Minn., was killed here July 31, says the Wichita Beacon today, quoting Herbert Wittum, who claimed he witnessed the struggle from the ground.

Lieut. G. W. Luthy, Kansas City, Mo., was injured in the crash and is in a critical condition. He was too weak to give his version tonight.

"The plane was not more than 200 feet above the ground and I could see the two men struggling," the Beacon quotes Wittum.

Luthy raised from his seat to lean forward and grab hold of Pearson, who seemed to be fighting back. As I watched, the plane, evidently uncontrolled, dived sharply down."

Wittum, a former regular army soldier, was driving near the scene. His wife and two companions corroborated his story.

Al Smith to Enter Paris with 2d A.E.F.

(Chicago Tribune Press Service.)
PARIS, Aug. 9.—Gov. Al Smith of New York will attend the American Legion convention in September, it was learned today, despite efforts to keep his plans secret.

He is sailing from New York on Sept. 10 on the Leviathan, the Legion flagship, with Howard Savage, Gen. John J. Pershing, and 2,000 other legionnaires. A suite has been reserved for him at the Hotel Crillon, where the late President Wilson stayed during the peace conference and where most of the Legion leaders will be housed in September.

See Move to Win Legion. The governor's move is interpreted here as a bid for the Legion's support in 1928. None of the other possible presidential candidates has revealed any urge to cross the Atlantic with the second A. E. F.

It is also believed here that Gov. Smith is projecting a kind of triumphal tour around the European capitals, where the governor of New York is bound to be received with certain pomp and ceremony. In all the Catholic countries of Europe it is believed he would be given an enthusiastic reception. That Gov. Smith could thus return home with considerable added luster acquired in brushing against Europe's royalty seems to be the belief of his friends.

Legion Vanguard Sails for Paris. Hooker, N. J., Aug. 9.—(Special.)—Time rolled back ten years for 600 members of the American Legion who sailed at midnight on the steamship President Harding as the vanguard of the thousands bound for the organization's convention in Paris next month.

Coming aboard with their women folk, including 17 French war brides, the veterans talked only of the difference between this embarkation and that of ten years ago, when they were crowded below decks in darkness until the ship cleared the harbor. Luxurious appointments of the President Harding were compared with accommodations of troop ships.

Nine other sailings will take place from Saturday to Aug. 27, to give the Legionnaires opportunity to tour Europe before the convention opens.

Most of the 17,000 who have made reservations will sail between Sept. 2 and 10, and the Leviathan, headed by Gen. Pershing, Commander Howard and more than 2,000 Legionnaires, will depart on Sept. 10.

Thirty states were represented by the group which sailed tonight.

FOIL PLOT TO LIBERATE 62 IN MILWAUKEE JAIL

Milwaukee, Wis., Aug. 9.—(Special.)—What county officials say was a conspiracy to liberate 62 prisoners in the county jail was frustrated here tonight when a jailer discovered that two bars of the first floor cell had been sawed nearly through and a third bar far enough so that work could have been completed within a few minutes.

Prisoners questioned by Sheriff Charles Schallitz admitted, according to the sheriff, that a woman had supplied the saws and that she was to have smuggled firearms so that prisoners might shoot their way out if necessary.

Following the telegram to Mr. Sargent the committee sent another one to President Coolidge at Rapid City, S. D., quoting in part their telegram to Sargent and asking the President to intervene.

Earlier in the day it had been said for the President that he believed the case was one solely for the Massachusetts authorities to decide.

Before the governor's announcement the bitter feeling aroused by the six-year-old case showed itself more and more in manifestations against the authorities. Two men were arrested by Boston detectives working since Sunday night in an endeavor to run down an alleged bomb plot to kill Gov. Fuller. The prisoners are held as suspected persons until detectives and department of justice agents complete the inquiry.

THE WEATHER

WEDNESDAY, AUGUST 10, 1927.

Sunrise, 5:32; sunset, 7:58. Moon sets at 5:45 a. m. Thursday. Mercury is the morning star; Jupiter, Saturn, and Venus are evening stars.

Chicago and vicinity: Partly cloudy Wednesday and Thursday, probably showers or thunderstorms late Wednesday night; warm Wednesday; wind mostly moderate south to southwest Thursday; probably local showers Wednesday night; warm Wednesday.

RULES AT NOON ON APPEAL TO STAY EXECUTION

Electric Chair Ready for Radicals.

(Pictures on back page.)
Boston, Mass., Aug. 9.—(Special.)—Gov. Alvan T. Fuller tonight summoned the state executive council to meet tomorrow morning to consider a respite for Nicola Sacco and Bartolomeo Vanzetti twelve hours before the time set for their electrocution. The decision will be made at noon.

This move was regarded in some quarters as indicating the governor favored a respite, although he has not publicly indicated any view with the exception of the following statement: "With legal proceedings pending before the Supreme judicial court, new counsel for Sacco and Vanzetti appealed to me for a respite in order to give that court an opportunity to consider the new legal questions involved and to render a decision. I have taken the matter under advisement."

No Headway in Court. The announcement was made after Arthur D. Hill, the new defense counsel, having failed thus far to win a single point in the courts of Massachusetts, but before Gov. Fuller's plea for a delay in the execution set for 12:02 a. m. Thursday. His plea was based on his new appeal to the state Supreme court from the ruling of Trial Judge Webster Thayer, who yesterday denied Sacco and Vanzetti a new trial and today refused a stay of execution. Hill has also appealed from the refusal of Supreme Court Judge George A. Anderson to grant a writ of error.

While the attorney was making his eleventh hour effort to save the two radicals, the Sacco-Vanzetti defense committee was trying desperately to obtain federal intervention in the case. Appeal to U. S. Attorney General.

A telegraphic appeal was sent to Attorney General John G. Sargent at his home in Ludlow, Vt., asking him to institute a federal investigation of the case and to recommend that President Coolidge urge a stay of execution pending such an investigation.

Wire to the President. The telegram recited that department of justice agents "assisted in obtaining the conviction of Sacco and Vanzetti as one way of getting rid of them."

Attorney General Sargent refused to comment on the notes except to say: "It is out of my jurisdiction and I fall to see anything I can do about it."

Following the telegram to Mr. Sargent the committee sent another one to President Coolidge at Rapid City, S. D., quoting in part their telegram to Sargent and asking the President to intervene.

Earlier in the day it had been said for the President that he believed the case was one solely for the Massachusetts authorities to decide.

Before the governor's announcement the bitter feeling aroused by the six-year-old case showed itself more and more in manifestations against the authorities. Two men were arrested by Boston detectives working since Sunday night in an endeavor to run down an alleged bomb plot to kill Gov. Fuller. The prisoners are held as suspected persons until detectives and department of justice agents complete the inquiry.

Thirty-nine Pickets Arrested. Thirty-nine of 100 pickets who marched up and down in front of the state house late this afternoon with banners protesting against the governor's previous decisions were arrested when they refused to disperse as ordered. The strikers urged by the Sacco-Vanzetti strike committee failed to call any large number of workers from their jobs.

The picketers ranged in social status from garment workers out of employment to society leaders. They marched up and down almost in hour carrying banners.

The governor, who was in his office at the state house, went to the window and looked out at the picketers, then returned to his desk without comment. There was some disorder when the arrests were made but police were not forced to draw their clubs.

Prepare for Execution. Meanwhile preparations for the execution at 12:02 a. m. Thursday have been completed at Charlestown state prison. The walls will be guarded tomorrow night by a detachment of police armed with riot and machine guns, while all traffic will be barred.

Woman's Automobile and Her Sleeping Child Stolen. Mrs. Mary Prince, 1501 West Erie street, reported to police last night that an automobile in which she had left her 4-year-old son, Chester, had been stolen at Taylor street and Sacramento boulevard. The car was found two hours later a mile from where it was stolen. The child was wandering about the street near the car unhurt.

CHICAGO JUDGE, ISADORA DUNCAN DEBATE ON SACCO

BY HENRY WALES.
(Chicago Tribune Press Service.)
(Copyright, 1927, by The Chicago Tribune.)
(Picture on back page.)

PARIS, Aug. 9.—Tonight, with the American embassy and consulate heavily guarded against any attempt by French radicals to start violence in connection with the Sacco-Vanzetti case, Judge Jacob H. Hopkins of the Cook county Superior court, Chicago, who has just completed a year's work presiding over the Criminal court there, and whose decisions resulted in the hanging of two criminals, courted trouble.

Judge Hopkins had the temerity to wander through one of the most riotous sections of Paris to hear what the Reds had to say, and from the terrace of the Café Select in the heart of Montparnasse, openly defended the judicial system he represents. Here is what happened:

Radicals Wax Bitter. The judge took a seat on the terrace of the Café Select and ordered a bottle of mineral water. At the next table sat a magnificent, crimson haired woman with a party of five. Their talk was bitterly radical. They had just come from a protest meeting of American radicals in Paris. The flaming haired woman turned to the judge and said: "Tell me, mister, just what is your opinion of the Sacco-Vanzetti case?" She was Isadora Duncan, the dancer, and a sort of queen of the Reds the world over.

"I am under the impression that it has been definitely decided," Judge Hopkins said.

"The Sacco-Vanzetti case is a blot on American justice," said the dancing queen of the radicals. "It will bring a lasting curse on the United States, a curse deserved by American hypocrisy. Gov. Fuller's name will go down in history with that of Pontius Pilate."

Defends U. S. Justice. "The judicial processes of the United States," the Chicago judge replied calmly, "are not subject to the condemnation of international politics. It is a well known fact internationally that in an American court of justice one is guaranteed more safeguards for his defense than in any other court in the world."

"It is my firm conviction, based on a knowledge of the judicial systems of European countries, that if the original sentence of death had been pronounced on Sacco and Vanzetti in any country of Europe, they would have been executed and buried six years ago."

"The extreme cruelty of American so-called justice," responded Isadora, the widow of the Red poet, Serge Yesenin, "is responsible for the prolongation of the intense torture these men have been subjected to for six or seven years."

Judge Answers Isadora. To that Judge Hopkins replied: "The delays in American justice are not invoked by the prosecution, but by the defense and solely in the interest of the defense, so that the delays in this case were brought about by the defendants themselves."

English speaking radicals with whom the Latin Quarter teams joined in the discussion, but the only outcome of the dispute was Judge Hopkins' invitation to Isadora to dine with him on Saturday and meet his good friends, Mr. and Mrs. Clarence Darrow of Chicago.

But the evening ended on a different note. A bearded man, with shirt open at the neck and not known to anybody present, stepped up. He had heard the discussion. He asked where the judge was living in Paris. "Hotel Continental," Judge Hopkins replied, looking him in the eye.

"Well enough," remarked the bearded intruder. "Prepare to receive visitors tomorrow. The radicals of Paris will be glad to have the opportunity to see and otherwise inspect a representative of the American judicial system, and show him what they think of it."

Then from the east came Chief of Detectives William O'Connor and Capt. William Reheis, with three squad cars filled with detectives. They tapped out of the cars came abreast of the marching throng, and with clubs drawn, shouted to them to disperse.

Defiance was evinced by Miss D'Angelo, self-appointed goddess of the mob, who, singing Sacco-Vanzetti pamphlets about, called out to the crowd: "Follow me! Down with tyrants!"

FRENZIED GIRL, 18, LEADS SACCO RIOTERS' MARCH

Dynamite Found at Sub-Postoffice.

(Picture on back page.)
Several thousand Sacco-Vanzetti sympathizers, inflamed to riot, were marching upon the federal building and city hall last night when at Madison and May streets they engaged in battle with the police.

Led by a girl of 18, Aurora D'Angelo, a shrieking child of communitarianism, the mob pressed on. They were singing the "Third Internationale," battle cry of radicalism, and carrying all before them.

Then the police, a dozen squads of them, hurried tear bombs into the mob, and in the blinding, stifling atmosphere the crowd dispersed. Dozens of heads were cracked in the scene of wildest confusion.

The parade and battle came at the end of a hectic day during which a dynamite and nitroglycerin bomb was discovered set to blow up a postal substation at 1201 West Madison street at 11 o'clock last night.

All City's Police Mobilized. All the police of the city were drafted into service to maintain order last night, and to be on guard against a reign of violence and sabotage. Their greatest force was concentrated at a meeting in the Ashland Auditorium, Ashland boulevard and Van Buren street, whence the rioting mob later came.

Speakers at the meeting had inflamed the listeners with cries for strike demonstrations, with demands that labor in city and nation show its force and influence for Sacco and Vanzetti. Repeatedly the audience grew unruly as the orators pictured the plight of the two doomed men. At last they were dismissed, and then the real demonstration began.

March Begins; Women Lead. As the three or four thousand people who had crowded into the hall poured into the street, jabbering excitedly, several sprang into the lead, and began to shout for a parade.

And Aurora D'Angelo, who lives at 908 Sibley street and at 18 is a militant communist, fought to lead the parade. She had tried in vain before the end of the meeting to address the audience, summoning them to march in live protest.

When she leaped to the stage of the auditorium and screamed, "Let us parade for a general strike!" other speakers seized her. As she struggled in their arms, crying always, "General strike! General strike!" the men picked her up bodily and made way with her to an ante-room, where they locked her in.

Meanwhile the crowd was passing out, and the battling Aurora broke from her jailers and raced from the hall to the street.

Cells Comrades to Parade. Leaping on truck, the young woman cried, "Come on! Come on, comrades! Let us parade for Sacco and Vanzetti and freedom for all!"

The hundreds heeded her call and began their march. Banners demanding clemency for the men seemed to appear as from nowhere, and as they were flung aloft all took up the shout, "Sacco and Vanzetti must not die!" and at times it changed to "General strike! General strike!"

Others in the district were attracted by the yelling and disorder, and they joined in the parade. The crowd marched in wild fashion over Van Buren street to Paulina, and then went north to Madison street. Then they turned east.

Street Traffic Paralyzed. Trolleys were jerked from trolley wires and the street car crews were hurried into the mob, with shouts of "Come on, join the general strike for Sacco and Vanzetti!"

Traffic was paralyzed in a minute's time. Street car after street car was put out of service, and its men urged to join the paraders.

Always the cry kept growing stronger: "General strike! General strike!"

Police Rush to Scene. Then from the east came Chief of Detectives William O'Connor and Capt. William Reheis, with three squad cars filled with detectives. They tapped out of the cars came abreast of the marching throng, and with clubs drawn, shouted to them to disperse.

Defiance was evinced by Miss D'Angelo, self-appointed goddess of the mob, who, singing Sacco-Vanzetti pamphlets about, called out to the crowd: "Follow me! Down with tyrants!"

POLICE DRIVE RED MOBS FROM U. S. BERLIN EMBASSY

Workers in Europe Rage
Over Sacco Case.

BY SIGRID SCHULTZ.

(Chicago Tribune Press Service.)
BERLIN, Aug. 9.—Thousands of communists today tried to break through to the American embassy to stage a demonstration against the execution of Nicola Sacco and Bartolomeo Vanzetti, but police reinforcements drove them back. Twenty communists were arrested and the police barred the mob in the street before the embassy.

A second group of demonstrators tried to form in the streets behind the embassy, but they, too, were dispersed. Soldiers, who heretofore have kept hidden in the entrance of the embassy and surrounding courts, now are camping with their emergency motor lorries before the embassy. These trucks were built especially to carry the police into the heart of riots and give them a safe vantage point when battling mobs.

The communists are agitating for a boycott of American goods, but the workers are losing interest. The Deutsche Zeitung, Vossische Zeitung, and other newspapers say: "It is not Germany's business to mix in the internal legal affairs of a nation as great and proud as the United States, and therefore discussion of the case of the anarchists must be stopped."

Hurl Stones at U. S. Embassy.
(Chicago Tribune Press Service.)
THE HAGUE, Aug. 9.—American soldiers touring Europe under the auspices of the Carnegie foundation were set under fire by Sacco-Vanzetti demonstrators at Amsterdam this evening. As they were entering the colonial institute communists surrounded them, shouting, "Sacco and Vanzetti must be freed!"

Then the radicals threw stones. Police charged the mob with drawn swords, setting red banners and arresting several rioters. The Americans remained calm.

The editors were entertained today by the chamber of commerce, at which J. Kelly, in behalf of the New York History club, presented a bronze tablet to be placed on the former building of the Dutch West Indian company, and a second tablet to be presented in behalf of the clergy of the Reformed Church of America, as a tribute to the Puritan fathers sailing from Amsterdam on the Mayflower. The editors were welcomed everywhere.

Appeal to Coolidge.
(Chicago Tribune Press Service.)
PARIS, Aug. 9.—In a last desperate effort to save Sacco and Vanzetti, French intellectuals, headed by Mme. Curie, today called President Coolidge, "without wanting to intervene in American affairs, we take the liberty respectfully of drawing your attention to the emotion and indignation of Nicola Sacco and Bartolomeo Vanzetti would cause in France and throughout the world seven years after their conviction."

Among the signers were Louis Loucheur, former finance minister and the richest man in France, Antoine de Monzie, Pierre Malvy, Col. Drefus, the former cabinet minister Daladier, Joffe, Bonnet, Albert, and Mme. Bertrina, feminist leader.

Communist dock workers and porters at Cherbourg took oaths to make things hot for the American Legionnaires who come here for the convention. Threats of extreme violence were made. The police halted an attempt to raid the American consulate.

Threaten U. S. Embassy.
COPENHAGEN, Denmark, Aug. 9.—A letter received by the newspaper Berlingske Tidende and published today, says, with reference to Sacco and Vanzetti: "If the two Italians are killed, members of the American legation will be killed. Prevention is useless."

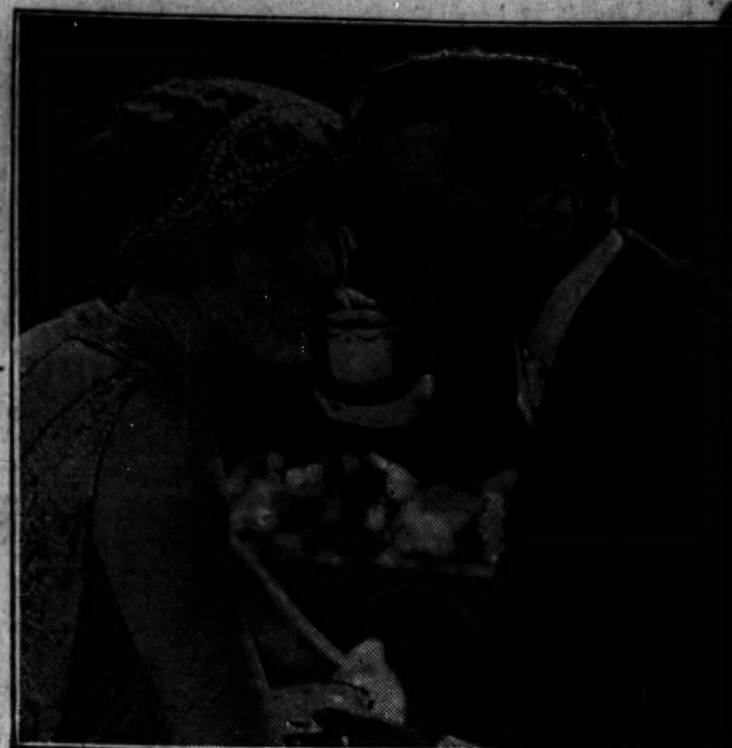

While the threat is apparently not taken seriously by the authorities, the possibility of some disturbances on the occasion of the convention is not impossible.

Thursday, following the executions, is recognized, and the American legation will be especially guarded.

Strikes in Central Europe.
(Chicago Tribune Press Service.)

VIENNA, Austria, Aug. 9.—General strikes, demonstrations, parades, and mass meetings, all protesting against the Sacco-Vanzetti verdict, are on throughout central Europe and will continue until the day of the execution. Every American legation and consulate in Czechoslovakia, Austria, Jugoslavia, Roumania, and Bulgaria is being heavily guarded by uniformed and secret police.

The Sacco-Vanzetti union of Czechoslovakia, seeking a wage increase, called out a general strike in Prague last night. Numerous police are preventing the communist bands from approaching the American legation and consulate.

ROME, Aug. 9.—The most significant indication of the Italian official attitude regarding the execution of Nicola Sacco and Bartolomeo Vanzetti appears today in the publication of a telegram from Premier Benito Mussolini to the prefect of Pavia which reads, "I have received a telegram from Michele Sacco (father of Nicola Sacco) of Torremaggiore in which he asks me to intervene to save his son. Tell him that since a long time I have energetically busied myself with the status of Sacco and Vanzetti and have done everything compatible with international usage to save them from execution."

The Italian government denies reports from Geneva that there have been demonstrations against Americans in Italy and an exodus of tourists because of hostility over the Sacco-Vanzetti case.

Club Mob at Consulate.
(Chicago Tribune Press Service.)

BRUSSELS, Belgium, Aug. 9.—Communists, parading in favor of Sacco and Vanzetti, today collided with a police force before the United States consulate, police used their clubs to disperse the communists after one of the demonstrators had been permitted to file a protest with the American consulate.

Buenos Aires, Aug. 10.—A bomb exploded at the Palace of Justice early this morning. The damage was slight and it is not yet known whether any one was injured. The explosion of this bomb came a short time after an explosion of what is believed to have been a petrol at the railway station of Velez Sarsfield, near Buenos Aires. There were no victims, but a few freight cars were damaged.

NO NAVAL RACE, COOLIDGE AND WILBUR DECIDE

Seen as Preliminary to
Fight in Congress.

BY PHILIP KINSLEY.

(Chicago Tribune Press Service.)
Rapid City, S. D., Aug. 9.—[Special.]—American naval policy, as interpreted and set forth by President Coolidge and Secretary of the Navy Wilbur today after several hours of conference, need undergo no radical change as a result of the failure of the Geneva disarmament conference.

This policy is the completion of the moderate building program determined upon long before the conference at Geneva was called, and now to be carried out by congress as if this conference had never been held. The President sees nothing alarming in the situation. He does not think the Geneva conference will make an increase over this five year program necessary.

No Change Necessary.
The naval program authorized and under way, the President pointed out, was based on present conditions, and nothing new has developed. Mr. Coolidge had hopes of an agreement to cut this plan, an agreement to be signed by Great Britain and Japan, but as this hope must be put aside, the building and replacement plan for the navy as developed by the general board.

There will be no change in the plan due to the inability to reach an agreement at Geneva. The exact details to be presented to the next congress have not yet been determined and will be arrived at in the usual manner.

Mr. Wilbur explained that ten ships of the Omaha class are in commission, with standard Washington conference tonnage at 5,600 tons. Five ships of 10,000 tons, 8 inch gun cruisers, are under contract in private yards. Three more are assigned to navy yards for construction. The keels have been laid for two of the eight, the Pensacola in New York and the Salt Lake City at Camden, N. J. The other six will have j instead of 10 inch guns each, with 3 guns in 1 turret. They are standardized and identical on paper. The secretary called attention to

FLIRTING BRINGS A CHARGE OF MURDER AGAINST YOUNG MAN

Testimony of two young girls yesterday resulted in the holding of Sigmond Garbaciak, 21, of 1423 West 49th street, on a murder charge. The girls, Stephanie Totom, 20, of 3718 South Wood street, and Anna Dzwinski, 19, of 2626 South Ashland avenue, testified before Judge Frank M. Padden in Stockyards court that Garbaciak attempted to flirt with them while seated in his automobile near the Central Manufacturing District bank on April 13.

On that date four men held up a messenger for the bank, Frank Novak, and killed him when he resisted. It is contention of the police that Garbaciak was driver of the bandit car and was waiting for the four killers when seen by the girls.

Garbaciak denies he was near the bank that day or that he saw the girls. Garbaciak's bond was fixed at \$10,000.

may advocate were not revealed. Mr. Wilbur, echoing the thought of the President, said today: "We expect to go along with the building and replacement plan for the navy as developed by the general board."

There will be no change in the plan due to the inability to reach an agreement at Geneva. The exact details to be presented to the next congress have not yet been determined and will be arrived at in the usual manner.

Mr. Wilbur explained that ten ships of the Omaha class are in commission, with standard Washington conference tonnage at 5,600 tons. WEALTHY INDIAN VICTIMIZED, SAYS FEDERAL JUDGE

New York, Aug. 9.—[AP.]—Jackson Barnett, an aged Creek Indian, made wealthy by discovery of oil on his land in Oklahoma, was "solicited and importuned for donations, kidnapped and married by an adventuresome, harassed and annoyed by his attorneys," Federal Judge John C. Knox declared today in ordering Barnett's funds and property turned over to the secretary of the interior for administration and safe keeping.

Judge Knox's decision declared null and void a reputed gift of \$550,000 made by Barnett to Bacon university in Oklahoma, and the transfer of a life sum to his wife.

The suit, started at the instigation of the government, with Barnett made plaintiff through his guardian, Elmer S. Butler, was brought against the Equitable Trust company and the Baptist Home Mission society, the bank having had custody of the funds involved in the donation to the Baptist society as the controller of the university.

The alleged incompetency of the Indian was stressed in Judge Knox's decision. In reviewing the case, he said: "Here is an illiterate Indian, now in the neighborhood of 77 or 78 years of age, who, until he became wealthy, was allowed to shift for himself. Oil was found upon his land. From that time until the present he has been the shuttlecock in a game of battle-door in which the stakes were high."

MINOR HOMES BURNED.
New Kensington, Pa., Aug. 9.—[AP.]—Twelve double dwelling houses at the Barling mine of the Diamond Coal and Coke company, near here, were destroyed by fire early today. The loss was estimated at \$20,000.

Ohio Woman Gives Birth to Girl Triplets Here
Mrs. Arthur Engert of Columbus, O., gave birth to triplets, all girls, last night at the Illinois Masonic hospital. The father of the babies is a salesman for Bauer and Black, medical supplies company. The triplets and mother are doing well, Dr. M. Owen Wilkins said.

Carpet Sale

ON
"CHOOSE"-ING

The much discussed Coolidge "Choose" might mean any number of things—but the smart woman's "Choose" means but one—Her Costume Accessories must come from Stevens!

HER "CHOICE"

—is always "Delmar" Hosiery—for she adores its fine texture and its exquisite beauty. Today nothing is smarter at the country clubs than Shadow "Knee-Clo" Hosiery with "double point" heels, which are available at Stevens in many shades. \$2.95 a pair.

WORTH "CHOSE"

—many bright Gold squares and joined them together in a basket-weave effect. The result—a new 1 1/2-inch wide Bracelet that smart women are choosing. The replica, in gold plate, \$16.50.

YOU'LL "CHOOSE"

—a pair of soft, Washable Doeskin Gloves, very plain and smart, with pinked tops—for after many rubbings they still retain their freshness, their softness, and their shape in a good range of colors, including White. \$3.95 a pair.

"CHOSEN"

—as a new and most practical idea for your closet, your bathroom, or your dressing room, is this decorative Wooden Stand. In the modern manner, it will hold your shoes, your toiletries, or the various and sundry details you need right at hand. In a variety of colors. \$12.50.

PARIS "PREFERS"

—sleek Black Antelope in her newest Handbags. The Bag sketched is a replica of a Paris import, piped with contrasting kid, and topped by a colored Bone Frame and large knob clasp. \$13.50.

Handbags—First Floor.

FINAL FRANTIC EFFORTS MADE TO SAVE RADICALS

Governor Will Rule on Respite Plea Today.

(Continued from first page.)

detoured and police afoot and on horse back will patrol the neighborhood. All automobile traffic near the prison will be diverted to other routes. Prison point bridges will be closed to traffic and no vehicles will be allowed to pass the Rutherford avenue side of the prison bridge, where the death house is located. The chair was tested today and found to be ready. It will be re-examined again tomorrow before the hour set for execution.

Continue Hunger Strike.

Sacco and Vanzetti continued their hunger strike today. Sacco was noticeably weaker. It is said that he may not be able to walk to the electric chair.

Mrs. Sacco went to the prison to see her husband. She was accompanied by Amillo Coda, a friend of Vanzetti, and Edward Holton James. Sacco has no hope of a respite. He has been pessimistic from the beginning. Vanzetti still has a faint hope and is at times rather philosophical and reconciled to death.

Police Avert Trouble.

New York, Aug. 9.—[Special].—Sacco-Vanzetti strikes and demonstrations through New York City and suburbs were held today and tonight by communists, Socialists, I. W. W., and other organizations with the aid of trades unions.

There were several disturbances, one of which might have become serious but for the prompt action of the police. A crowd of a thousand, leaving the Union Square meeting grew to nearly five thousand, according to the police. This was broken up between Broome street, Mulberry Bend and the Five Points by police reserves after a running fight which lasted more than half an hour.

Another crowd of several hundred marched from the meeting through Fifth Avenue to Fifth Avenue and then south. It was met by mounted policemen. Before this parade was broken up many persons had been chased as far south as West Broadway and Canal street. Six arrests were made in the two demonstrations.

Chase College Students.

Earlier in the day the police twice

SACCO DEATH TO END 'FRIENDS' EASY LIVING, POLICE EXPERT SAYS

"When Sacco and Vanzetti are executed hundreds of persons will lose the means of a good living," said Lieut. Make Mills yesterday after he had examined the bomb found near the postal substation at 1201 West Madison street.

"The so-called radicals have been living for years on the money collected in the names of Sacco and Vanzetti. There are no longer any persons in this country called anarchists," Lieut. Mills asserted with the authority of one who for the last twenty-five years has been head of the police bomb squad and radical bureau.

"Unquestionably the postoffice bomb was made and planted here by Sacco and Vanzetti sympathizers who had gathered at Jessup, near here, and were alleged to have been preparing to march on a mine in an effort to induce miners to join in a one day strike.

Washington, D. C., Aug. 9.—[AP].—Capital police and department of justice agents guarding public buildings during the Sacco-Vanzetti developments have arrested two persons in the vicinity of the department of justice but one of them already has been released.

"A few years ago the radicals were mostly Russian Jews. Now a majority of them are Italians," Lieut. Mills himself was born in Russia, he said. His mother was Russian and his father English.

"It is my firm belief that all the unrest in this country now is due to Volsteadism," he declared. "The rocking chair radical used to have an outlet for his emotions by airing his views in a barroom."

"Russia started bolshevism by prohibiting vodka. The masses then started their first real protest against government and they are still at it. There is little trouble in Chicago due to radicals, however. We keep close track of them and as a rule they are harmless, but now and then some weak-minded person hears them say something that starts him out to kill a policeman or blow up a building. The talkers never resort to violence themselves."

broke up a meeting of City college students, once on the college campus and again on a street near the college. The students repaired to a vacant lot, where they continued their protest meeting without further disturbance. In the needle trades there was a widespread response to the call for a one day strike in protest against the execution of Sacco and Vanzetti. Some employers reported that all their employees had joined the strike. Others said that only a few and, in some cases, none had joined the demonstration. It was impossible to check the claims of the Socialists that 400,000 responded to the call, or the communists' claim

of 500,000, showing a drop of 250,000 from their prediction of 750,000. Philadelphia Protest.

Philadelphia, Pa., Aug. 9.—[AP].—Meeting under police sanction, more than 1,500 Sacco-Vanzetti sympathizers gathered in a theater tonight heard the approaching execution of the two men denounced as "a plot on the liberal traditions of the nation." Estimates of the number of persons who participated in a protest strike for the doomed men ranged from 1,000 to 5,000. Shipping men said that about 300 transport workers had struck, and that business proceeded as usual.

Police Disperse Crowd.

Scranton, Pa., Aug. 9.—[AP].—State police today dispersed a large crowd of Sacco-Vanzetti sympathizers who had gathered at Jessup, near here, and were alleged to have been preparing to march on a mine in an effort to induce miners to join in a one day strike.

Arrest 2 in Capital.

Washington, D. C., Aug. 9.—[AP].—Capital police and department of justice agents guarding public buildings during the Sacco-Vanzetti developments have arrested two persons in the vicinity of the department of justice but one of them already has been released.

POLICE DISPERSE 2,000 AT SACCO MEETING IN GARY

Fifty Gary policemen, armed with shotguns and tear bombs charged into a meeting of 2,000 Sacco-Vanzetti sympathizers at 14th street and Broadway last night, seized four of the leaders, three of them Chicagoans, on charges of inciting to riot and compelled the others to disperse.

Those under arrest are Norman W. Beck, 26, 1221 East 51st street, who asserted that he is a student at the University of Chicago; Fred J. Bieden-kopp, 48, of the Ashland hotel, a member of the Sacco-Vanzetti national defense committee; Manuel Gomez, 35, of 440 Belmont avenue, and Benjamin Borioff, 42, manager of a co-operative restaurant in Gary.

The police had prevented the holding of a meeting in a hall. The crowd then took to the street and orations were in progress when the police charged in. They were jeered by the crowd, but no serious demonstration was made. The police were held in readiness to prevent other outbreaks. At Waukegan 400 attended a meeting at which resolutions condemning the execution of Sacco and Vanzetti were passed.

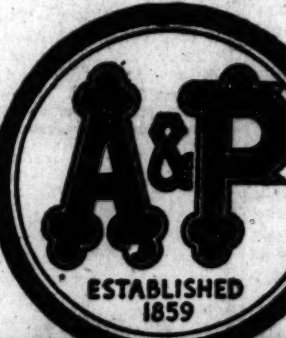

BOSTON INSURES FOR \$100,000,000 AGAINST RIOTING

Boston, Mass., Aug. 9.—[AP].—It was estimated here today that approximately \$100,000,000 worth of explosion, strike, riot, and civil commotion insurance has been written in the last twenty-four hours covering property in this city and its suburbs. Local insurance firms say that this coverage is the direct result of fears entertained by property owners because of the recent bomb explosions in New York and other cities and the threat of a general strike by Sacco-Vanzetti sympathizers.

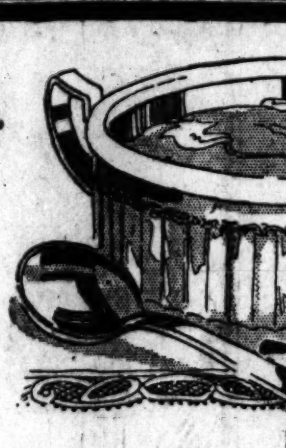

Reported Bomb Turns Out to Be an Ex-Hand Grenade

Responding to a telephoned report that a bomb had been found in a milk wagon at 6813 Kimbark avenue, Lieut. Michael Lahart and two police sergeants last night found a round object which they handled cautiously. At the Woodlawn station Policeman William King, an overseas veteran, tossed the object playfully in the air despite the horrified protests of the other three. King explained that it was an exploded hand grenade.

Summer Suppers

WHERE ECONOMY RULES

Ann Page has prepared special menus for summer suppers, including a spaghetti or macaroni casserole, the ingredients of which are listed below at a decided saving.

One-Piece Suppers of Italian Pastes

Italian Croquettes, Herb Sauce, Cabbage and Pineapple Salad, Peach Cobbler, Grapefruit Cup, Macaroni with Shrimp, Lettuce, Russian Dressing, Maple Nut Mold, Cottage Pie, Mixed Vegetable Salad, Lemon Sherbet, Macaroni with Asparagus, Cauliflower Salad, Melon, Tea Cakes.

Italian Croquettes: Mix 2 cups elbow macaroni with 1 cup thick white sauce. Spread on platter and chill. Form into shape and fry in deep fat, or bake in moderate oven.

Herb Sauce: Rub sides of pot with cut piece of garlic. Pour in 2 cups white sauce, add 1 tablespoon chopped parsley, 2 tablespoons chopped cooked carrots, dash of mace, 3/4 teaspoon thyme. Mix well before serving.

Macaroni with Shrimp: Place layer of cooked macaroni in greased baking dish, cover with shrimp, then with white sauce seasoned with celery seed, a layer of grated cheese, repeat, finish with cheese. Bake in a moderate oven until browned.

Cottage Pie: Prepare a casserole of macaroni and cheese. On the top place thin slices of ham. Bake in oven until thoroughly heated and browned on top.

Sauces for Macaroni

Cheese Sauce: Melt 4 tablespoons fat in saucepan, add 3 tablespoons flour, stir till smooth, then add 2 cups hot milk. Stir until sauce boils. Add seasoning to taste and stir in 1/2 to 1 cup grated cheese. Place over hot water till cheese melts.

Tomato Sauce: Brown 1 slice onion and 4 tablespoons flour in 4 tablespoons fat. Add 2 cups canned tomatoes, cook until thickened, stirring to keep smooth. Strain before using.

Mushroom Sauce: Brown 1 cup mushrooms and 4 tablespoons flour in 4 tablespoons fat. Stir in 2 cups meat stock or boiling water. Cook until thick and smooth. Season well.

Entertaining in hot weather is not such a problem as it might seem. Daily comfort, cooling drinks and quickly made ices from desserts solve the question of what to serve. Send for my page of recipes for hot weather refreshments.

CITIES SERVICE GASOLINE

1847—The Chicago Tribune Has Been Growing for Eighty Years—1927

JUDGES HEAR PLEA TO HALT GASOLINE TAX

Motor Club Lawyers Call
Law Invalid.

The case of the motorists against the gasoline tax law was presented today by attorneys for the Chicago motor club before the Kane county court at Geneva. Those lawyers argued that there are four major points that should invalidate that law.

General for the state argued for that law and the judges indicated they will make a decision by the end of this month or the first of next.

The hearing was on the state's demurrer to an injunction petition filed by the motor club attorneys attacking the constitutionality of the gasoline tax law.

Two Judges Hear Case.

Judge John K. Newhall and Judge William J. Fulton, sitting on banc, heard the arguments. The motor club was represented by Gilbert Noxon and George H. Miller, of Chicago, and by Montgomery W. Winning and S. S. Du Hamel, attorneys in the Attorney General Carl's office.

The four defects, as cited by the motorists, were:

That the title of the law failed to disclose its true purpose and is misleading.

That the provision of the law which denied payment of state aid to counties which used gas tax money to build state designated roads was in effect an amendment of section 15 D of Article four of the general motor vehicle law and therefore unconstitutional.

That the measure constituted double taxation.

That the refunding clause for gasoline used for other purposes than operation of vehicles on the public highways was inconsistent and unjust.

Gas Motor Vehicle Law.

"Under section 15 D of the state is bound to pay to counties which have used money in constructing state aid roads under its terms one-half of the cost," Mr. Noxon informed the court.

"Under the gasoline tax law it is specially stated that if the county builds state designated roads within its limits with money derived from its half of the gasoline tax revenue, it will not be entitled to the state refund as provided in section 15 D."

This clearly constitutes an amendment to section 15 D and under our constitution an amendment may not be made by reference, but must be

STABS WORKMAN

REP. HARRY McCASKRIN.

REP. McCASKRIN STABS WORKMAN IN DEBT QUARREL

Victim Seriously Hurt; In
Hospital.

Champaign, Ill., Aug. 9.—(AP)—William Harry of Rock Island lies at the point of death in a hospital here this afternoon as the result of an altercation with State Representative Harry M. McCaskrin of Rock Island.

Harry said he was stabbed during an argument over a debt owed him, but he asserted he would not prosecute if his hospital bill was paid.

Wounded Near Heart.

There is a deep knife wound near Harry's heart. McCaskrin, two hours after the stabbing, had not been arrested.

The state representative came to Rock Island with his family from his Rock Island home Monday to look after property which he owns there. He had intended to make repairs on the McCaskrin hotel, long closed. He was working inside the building when Harry, who is about 50 years old, a widower with seven children, arrived at the place.

Asks for Money.

He had, he said, never been paid for scooping the snow off a pool hall owned by McCaskrin last winter, and he wanted his money. McCaskrin is said to have told Harry that he didn't owe him anything, that the pool hall manager would pay him.

The men are said to have then gone outside to settle the argument.

No one saw the knife in McCaskrin's hand, but it is said that just after Harry struck McCaskrin twice, Harry turned and ran across the street, blood gushing from his side.

STRUCK SENATOR BARBOUR.

Representative McCaskrin attracted attention in the last general assembly when he struck Senator James J. Barbour in the face while the latter was passing through the chamber of the lower house.

As special counsel for a Rock Island citizens' committee Senator Barbour had prosecuted the Looney case and several allied matters, one of which was disbarment proceedings against McCaskrin. McCaskrin won out in the state Supreme court. Barbour told his associates in the senate that McCaskrin had threatened him several times before the day on which he struck him.

Representative McCaskrin also was the legislator who presented a resolution to bar representatives of THE TRIBUNE from the press gallery of the lower house at Springfield. In the face of opposition he withdrew the resolution.

CHILD KILLED BY AUTO.

Mishawaka, Ind., Aug. 9.—(Special.)—Mabel Olin, 3, was killed when an automobile driven by Richard Whitmer of Sturgis, Mich., ran over her.

TWO LOS ANGELES BANKS MERGED; DENY OIL GOSSIP

Los Angeles, Cal., Aug. 9.—(Special.)—Consolidation of the Pacific Southwest Trust and Savings bank with the First National bank of Los Angeles under the name of the First National Consolidated Bank and Trust Company of Los Angeles was authorized at the certificate holders' meeting today.

The merged bank will have a capital of \$12,500,000, a surplus of \$8,000,000 and undivided profits of \$7,500,000.

The First Securities company will continue as a corporation owned by shareholders of the consolidated new bank. The securities company's assets will be increased to \$8,000,000.

Henry M. Robinson, member of the Dawes plan commission, will head the new institution. Robinson issued a statement today concerning the charges in the recent Julian Oil crash which involved many officials of the merged banking houses, and defended the men and the banks.

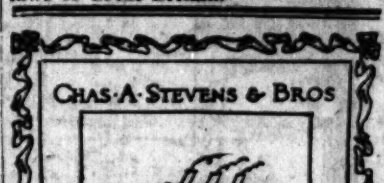

BOB BANK MESSENGER OF \$10,000.

Santa Monica, Calif., Aug. 9.—(AP)—An unlicensed man slugged William Manton, veteran messenger for the Marine bank of Ocean Park, here, today and robbed him of \$10,000 which he was transferring to a Los Angeles bank.

OLGA PETROVA APPEALS FROM \$7,500 DECISION

Washington, D. C., Aug. 9.—(AP)—Olga Petrova, playing in "The White Peacock," today asked the Supreme court to reverse the decision of the New York courts awarding William Henry Roberts a judgment against her of \$7,500 upon his complaint that she had plagiarized his play, "La Rubia."

She challenged the right of the New York courts to try the case and contended that her copyright of "La Rubia" was superior to Roberts' common law rights to the play under the laws of Great Britain.

LOWDEN FRIENDS BEGIN TO COUNT HIS DELEGATES

Claim 12 States Certain
for Farm Candidate.

BY ARTHUR EVANS.

A dozen agricultural states in the middle west and northwest which had 244 delegates in the last Republican national convention, form the nucleus of the movement to nominate Frank O. Lowden for the presidency, as the former governor's friends were figuring yesterday.

They said in this great region of the open spaces which for two years and more has been laid in its fall for agricultural relief, sentiment for Lowden as a farm reliever which was in evidence before President Coolidge with-drew, has made great headway since Mr. Coolidge's "I do not choose to run" announcement. Throughout this area, they declare Secretary Herbert Hoover is not in good standing with the farmers, who are inclined to blame him for the defeat of farm relief as adviser to the administration.

Count on Fifteen States. All told, this early in the game, with the convention ten months away and all the prospective candidates keeping as mum as possible, the Lowden camp says it has good reason to believe the wartime governor of Illinois has fifteen or sixteen states already as good as won, with an aggregate delegate strength in the convention of around 340 votes.

In the last Republican convention, there were 1,109 votes, and it required 555 to nominate. The twelve states in which Lowden's supporters say he predominates are as follows, the figures showing the delegates they had in 1924, the call for the next convention, and the delegate strength of the various states not yet being named:

Wisconsin	29	8	Dakota	13
Minnesota	27	8	Montana	11
Iowa	29	8	Idaho	11
Kansas	25	8	Washington	17
Nebraska	19	8	Oregon	12
Missouri	29	8	N. Dakota	13
N. Dakota	13	8	Total	244

In addition, Lowden leaders figure on landing Indiana's 33 votes, although sentiment in the Hoosier state is not so open as further west, at least not among the politicians. They expect at least half of the Illinois delegates, adding 30 more. Arkansas, where Lowden has a 10,000 acre plantation, voted with him to the finish in 1924 and last time it had 14 delegates. They also figure in already, Connecticut with 17 delegates, which was with

Lowden in 1920; Alabama with 16, and North Carolina with 23, they say, have strong Lowden leanings.

Right Forecast in Michigan. So that all told, the Lowden camp figures that making allowances for losing districts here and there, say 10 per cent, in this string of states, some 340 delegates are already in sight of the landing net, with the campaign not yet cracked open in the south, in the east and in most of the Rocky mountain states. Michigan is rated among the states where a battle may ensue between Lowden and Hoover, who was recently given the O. K. of Henry Ford.

In Missouri, Lowden supporters say their reports indicate a fifty-fifty fight in Kansas City, due to factional disorders, that Lowden may get the agricultural districts, while St. Louis is one of his strong spots.

In Iowa, they point out, 113 members of the general assembly urged Lowden to run and Maj. F. J. Lund, former manager of Senator Brookhart, is actively organizing, aided by Gov. Hamill. In Wisconsin, the legislature turned down Secretary Jardine and listened to Lowden, in Minnesota, Lowden's native state, his organization is under way.

MAYOR TO MAKE FLOOD APPEAL AT NEW YORK FAIR

Plans for Mayor Thompson's tour in behalf of flood control support were rearranged yesterday because of an invitation to him to be the guest of the city of Syracuse on Aug. 26, the opening date of the New York state fair. The mayor accepted.

Under the new itinerary the first of the mayor's speeches will be on Aug. 26 at the Illinois state fair. Then, after the Syracuse engagement, he will start on the western trip that will take him to California.

The mayor has sent letters of inquiry to all members of congress asking for their views on flood control of the Mississippi. He has received numerous replies. One from Senator Capper of Kansas said:

"I am in hearty accord with the program outlined by the conference. I hope the approaching congress will give first attention to the enactment of efficient measures for permanent flood control of the Mississippi river and all its tributaries."

Youths Accused of Stealing Crusier for Ride on Lake

Charged with stealing a \$3,500 cabin cruiser for a ride on the lake John W. W. 18, of 8750 Cornell avenue, and Arnold H. 20, of 8228 Kenwood avenue, were held in bonds of \$5,000 yesterday by Judge James H. H. of the Cook county court. The case will come up again on Sept. 25. The complainant was the owner of the craft, Donnell Allen of 1831 East 54th street. He alleged that the youths, with two others, were unable to handle the boat and that coast guards rescued them. The cruiser then drifted ashore and Allen said they abandoned it.

State Hearing on Field's Air Rights Lease Delayed

Hearing on a petition of Marshall Field & Co. to lease from the Chicago and Northwestern Railway company air rights over the railway's right of way along the north bank of the Chicago river in the vicinity of Wabash street was set yesterday for Aug. 25 by the Illinois commerce commission. The case is considered a test case by the commission, involving the principle of air rights, and no hasty conclusion should be reached, Commissioner F. H. Moynihan declared.

Henrici's Today

Here and there restaurants attain fame through elaborate service or through some one "specialty." But no other restaurant in the United States is known from coast to coast, and beyond, as is Henrici's solely for quality, in all food served, combined with prices never high.

Why not Henrici's for luncheon today—or for breakfast or dinner or late supper?

HUGHES BOOMED FOR PRESIDENT BY COOLIDGE FRIENDS

Hope to Induce Him to Run
Even if He Is 65.

(Chicago Tribune Press Service.)
Washington, D. C., Aug. 9.—[Special.]—Evidence of sentiment for the nomination of Charles E. Hughes for the presidency have not convinced Republicans close to the Coolidge administration that he would be willing to become a candidate.

Comments by Republican leaders since President Coolidge announced a week ago that he does not "choose to be a candidate" have given the definite impression that Mr. Hughes, next to Mr. Coolidge, would be the first choice of the supporters of the present administration.

Hoover Second Choice.

On the assumption that Mr. Hughes would be unwilling to make the race, Secretary of Commerce Hoover is favored. Scarcely any one else has appeared to have widespread strength as the candidate of the Coolidge forces.

Mr. Hughes was 65 last April, and it is pointed out in this connection that Mr. Lowden is more than a year older than Mr. Hughes.

Other candidates for the presidency are a few years younger than either Mr. Hughes or Mr. Lowden. Vice President Dawes is 62. Secretary Hoover will be 47 tomorrow. Mr. Longworth also is 57. President Coolidge is only 55.

Regardless of whether Mr. Hughes will consent to become a candidate, it is recognized that it will be good politics for the New York Republican leaders to have their state convention in October declare for him. Such action would keep the delegates from scattering to other candidates.

Despite the boom which is being developed for Mr. Hughes in New York and assertions by Republicans in that state that the former secretary of state

EX-U. S. OFFICIAL'S DAUGHTER PAYS FINE FOR THRILLS

(Chicago Tribune Press Service.)
PARIS, Aug. 9.—Barbara Harrison, daughter of the former governor general of the Philippine Islands, Francis Burton Harrison, was fined 5 francs (about 20 cents) in police court at Tours today for violating the identity card regulations. After a tour of southern France in search of thrills in company with a Russian youth, Pierre Baranov, Barbara and her companions were arrested on the terrace of the Tours cafe when M. Baranov displayed a revolver. She told the police her arrest meant just another thrill. Barbara is living in Paris with her sister, Virginia, who is the wife of Christian Gross, American chargé d'affaires in Haiti.

may be induced to accept the nomination, a different impression prevails here.

Believe Hughes Simons.

The Washington view is that Mr. Hughes was sincere in his declaration of a few months ago that he regarded himself as too old to become again a candidate for the presidency. It is felt that an amount of pressure could induce him to become a candidate.

Mr. Hughes was 65 last April, and it is pointed out in this connection that Mr. Lowden is more than a year older than Mr. Hughes.

Other candidates for the presidency are a few years younger than either Mr. Hughes or Mr. Lowden. Vice President Dawes is 62. Secretary Hoover will be 47 tomorrow. Mr. Longworth also is 57. President Coolidge is only 55.

Regardless of whether Mr. Hughes will consent to become a candidate, it is recognized that it will be good politics for the New York Republican leaders to have their state convention in October declare for him. Such action would keep the delegates from scattering to other candidates.

Despite the boom which is being developed for Mr. Hughes in New York and assertions by Republicans in that state that the former secretary of state

PARK'S CROSSING SEPARATION OPEN CITY PRAISES IT

Hailed as Another Step
in Untangling Traffic.

(Picture on back page.)

Chicago ushered in its newest traffic departure yesterday when a celebration took place in Lincoln park over the opening of the new grade separation at the North avenue and Lake Shore drive entrance to the park.

After a luncheon in the park refectory, a large group of well known Chicagoans sauntered through the park to the entrance, to note how smoothly the drive diverged and how swiftly and uninterruptedly it moved.

That the grade separation was a success seemed the unanimous opinion and congratulations were showered on David H. Jackson, president of the board of Lincoln park commissioners and his colleagues on the board.

How Grade Separation Works.

By swinging around a half circle as they drive into the park, motorists now may cross beneath the main stream of traffic and go to Stockton drive and the west part of the park. The rest of the traffic goes over an artistic bridge and diverges without confusion or delay into the inner and outer drives. Garden plots already are being set out on the small islands in and about the improvement.

After they had inspected the grade separation, President Jackson and his guests traveled back to the new small animal house, a \$250,000 structure, and formally threw open its doors to the public. A large gathering of mothers and children had come for the event, and soon they crowded the new menagerie.

They found here also the most modern equipment. Special glass roofing

permits the life giving ultra-violet rays of the sun to filter through, and there is a highly efficient ventilating system.

99% Benefit, Jackson Says.

President Jackson, speaking at the luncheon, said he expected the grade separation to increase the automobile traffic capacity of Lincoln park at least 300 per cent.

Eugene Taylor, managing director of the Chicago plan commission, read a letter to Mr. Jackson from James Simpson, chairman of the commission, in which the latter said:

"The grade separation at North avenue and the others which your board plans to carry out in Lincoln park mark the beginning of a movement that eventually will become country-wide—to safeguard and protect both motorists and pedestrians by means of separating the grades of conflicting streams of traffic."

Commissioner Louis L. Behan of the south park system said grade separa-

tions were contemplated on the south shore.

Dr. John Dill Robertson, president of the west park board, said that nowhere on the west side is there room for a grade separation.

Gov. Small was praised by Lincoln park Commissioner Alex. Fyffe, who said:

"We in Cook county are an unselfish people, and we like to see the people who need help the most get it first. You ought to see the great road system downstate and realize how badly they needed it."

Lawrence Whiting, president of the Boulevard bank, said the Chicago park systems compared favorably with the best in Europe.

SHOT DURING FIGHT, NEWS.

Frank West, 4345 St. Lawrence avenue, colored, who was shot Monday during an argument over \$60 with Henry Ward, colored, 4416 Calumet avenue, died yesterday at the County hospital. Ward is being held.

STATE RENEWS INSULL DEAL TO PUSH WATERWAY

Utilities Tract Needed for Gulf Canal Project.

BY PARKER BROWN.

Negotiations have been resumed between the state of Illinois and the Insull interests in another effort to remove the obstacles that for years have blocked two of the biggest construction jobs on the Illinois link of the Great Lakes-Gulf waterway.

William F. Mulvihill, state supervisor of waterway construction, said yesterday that he recently had a talk with Britton L. Budd, president of the Public Service company of Northern Illinois, that they will meet again soon, and that he hopes to expedite the deliberations so that a final contract will be ready soon for submission to Gov. Small on one hand, and to the Insull interests on the other.

Why Work Is Held Up.
The negotiations concern the state's purchase of property and rights which for years have prevented the beginning of work on locks and dams at the points, Brandon road and Dresden island, where the canalization of the Des Plaines and Illinois rivers from Lockport to Utica, a distance of sixty miles, would be completed in three years, that is, before the end of Gov. Small's second term.

But no such rosary view is held by Mr. Mulvihill, who was not connected with the department at the time that forecast was made. His most optimistic prediction is that if the Insull negotiations are concluded successfully this fall, the Illinois end of the canal will be completed in 1930.

First Efforts a Failure.
His first effort to reach an agreement with the Insull interests was made early this year. The legislature was in session. The governor was completely occupied. Mr. Insull went to Europe and his personal attorney, Daniel J. Schuyler Jr., was out of the city for some time. Leslie Small, the governor's son and his director of purchases and construction, was in the hospital.

"But I believe we can get somewhere now," said Mulvihill, "and that we shall be ready to let the remaining big contracts this fall. In order to speed up the work, I intend to cut down the usual three-year contract period to thirty months; but even then it will be at least three years before the work is finished."

The works at Lockport and at Marseilles are complete except for the tender, aching, swollen feet.

In Just Five Minutes These Sore, Tender, Aching Feet Get Amazing Relief. Moore's Emerald Oil is Guaranteed.

You probably feel like a lot of other people that about all you can do is dust some powder in your shoes or give your feet a special foot bath and sit it go at that, but don't be foolish. Make up your mind today that you are going to give your feet a real chance to get well.

Go to any good druggist today and get an original bottle of Moore's Emerald Oil.

The very first application will give you relief and a few short treatments will thoroughly convince you that by sticking faithfully to it for a short while your foot troubles will be a thing of the past.

Don't expect a single bottle to do it all at once, but one bottle we know will show you beyond all question that you have at last discovered the way to solid foot comfort.

Remember that Moore's Emerald Oil is a clean, powerful, penetrating Antiseptic Oil that does not stain or leave a greasy residue and that it must give complete satisfaction or your money cheerfully refunded.

lock gates which are now being erected. The third job, the one at Starved Rock, is under construction and is about 45 per cent completed. But without the Brandon road and the Dresden island works the canal will never become a reality.

Company Owns Property.
At Brandon road, about two miles below Joliet, the Public Service company of Northern Illinois owns 1,877 acres including the site of the lock and dam, and in addition submersible lands on both sides of the Illinois and Des Plaines rivers, between Brandon road and Dresden island to which the state must acquire title. It also has a long term lease on land at Marseilles through which is to be cut the canal connecting the Illinois river above Marseilles with the lock already built at Bell's island below the city.

For eight years the state fought the right of private interests to build a power dam at Brandon road. The case was lost in the state Supreme court but finally was won in the United States Supreme court.

During this time the owners of the riverside property placed a valuation of \$1,000,000 on their land and power rights. Their contention was that this property represented an actual investment of \$1,242,000. Later they increased this figure to \$1,483,000.

Last January Attorney Schuyler, it was said, proposed that his clients turn their holdings over to the state for immediate use, leaving the question of compensation to be determined later by arbitration.

Compromise Is Predicted.
Mr. Mulvihill found this was impossible under the law and urged the Insull interests to name a flat price. Attorney Schuyler is said to have contended that his clients' appraisal fixed this valuation to themselves at \$4,105,760, while the valuation to others without equal facilities in reference to power development and distribution was placed at \$2,612,160.

Mr. Mulvihill's best offer is said to have been \$850,000. Since that time there has been an intimation that a compromise may be reached at something less than \$1,000,000.

J. J. NOLAN, RICH CABARET OWNER, IS SUED BY WIFE
John J. Nolan, said to have an income of \$15,000 a week as a beverage dealer and to be worth \$1,000,000, was sued for divorce in the Superior court yesterday by Mrs. Josephine Nolan, 1401 Lotus avenue. In the property she lists as his is the Hollywood Inn cabaret at Lyons.

Aliases used by the defendant in banking the proceeds of his beverage business, according to the bill, are John F. Foster, John Novak, John Lacey, and John Leahy.

The wife alleges her husband chased her from their home at the point of a revolver last December, and two days later shot at her while her back was turned to him in their bedroom. Last July 8, it is alleged, he took \$175,000 in bonds, stocks and cashier's checks which he had given her and deserted her and their four children.

Mr. Mulvihill found this was impossible under the law and urged the Insull interests to name a flat price. Attorney Schuyler is said to have contended that his clients' appraisal fixed this valuation to themselves at \$4,105,760, while the valuation to others without equal facilities in reference to power development and distribution was placed at \$2,612,160.

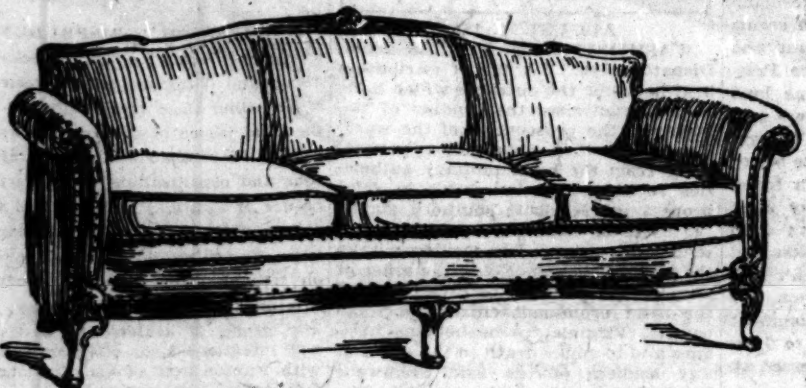

Mr. Mulvihill's best offer is said to have been \$850,000. Since that time there has been an intimation that a compromise may be reached at something less than \$1,000,000.

BOYS TO ESCORT LINDBERGH AT SOLDIERS' FIELD

Plans for Reception of Flyer Completed.

Chicago's boys, with whom "Slim" Lindbergh ranks a bit higher than Capt. Kidd and Buffalo Bill, are going to have a big day next Saturday when their new hero arrives in his airplane, the Spirit of St. Louis. The boys are to take an important part in the celebration.

Scouts to Escort Lindy.

A hundred boy scouts, picked from the city's 100 troops, will act as an escort to Col. Lindbergh when he lands at Soldiers' field, Elmer Stevens, chairman of the reception committee, announced yesterday. Col. Lindbergh will pin medals on Harold Vollman, 1923 Throp street, and Johnny Mann, 1923 May street, who won the scout contest in the recent scout jamboree at Stockholm. Preceding Lindbergh's arrival at the stadium at 3:15 p. m., boys from the park playgrounds will hold a model airplane contest. All Boy Scouts in uniform will be given places directly in front of Lindbergh during his speeches, and all other boys will be permitted to crowd in as close as possible.

Reception at Field.

Detailed arrangements for other parts of the Lindbergh reception were set into final shape yesterday by Mayor Thompson's advisory committee. Speakers at Soldiers' field at 3:15 p. m. aside from Col. Lindbergh, are to be William P. McCracken, Mayor Thompson, Edward J. Kelly, and George Gutz. Prior to that the mayor and an official delegation will greet Col. Lindbergh when he lands at the municipal air field, at Cicero avenue and 53d street, and escort him to Soldiers' field.

Sweden Proud of Lindbergh.

Sweden and Norway took almost as much pride in Col. Charles A. Lindbergh's transatlantic flight as did America, according to City Treasurer Charles Peterson who returned yesterday from a tour of the Scandinavian countries.

"The Swedes look upon Lindbergh as another Viking," he said. "When he arrived in Paris they celebrated as if he had been a native son."

Mr. Peterson made the tour with 23 members of the Swedish Choral club of Chicago, leaving here June 3. The club disbanded in Sweden July 18, after singing and being entertained in 12 of the largest cities of that country, Norway and Denmark. Later, Mr. and Mrs. Peterson visited Finland. The Petersons were received by Crown Prince Gustav of Sweden, who recently visited here, King Haakon of Norway, and several other state officials.

Unusual values are rayon tissue gauzes very special at 35c yard.

FARM ANIMALS SEEM TO RUN FROM ASSESSOR

BY OSCAR HEWITT.

The two best known books published by the state of Illinois are the Blue Book and the annual report by the state tax commission. The Blue Book is issued by Secretary of State Emmerson and contains information compiled by state departments and the federal government. The tax report supplies comparable data on tax valuations in all counties. Both books are official and accepted as accurate. Taken together, they supply interesting information on the

ethics of Illinois' citizenry in tax matters.

Tax Dodging No Monopoly. Downstate politicians are prone to point a finger of blame at Chicago. They charge it with tax evasion. No well informed person makes a denial. And who will deny there is cheating on tax valuations in other counties? This Tribune in a previous article presented one comparison of Cook and Du Page counties to the disadvantage of the latter.

Today Winnebago county is selected for comparison, and the basis of the information presented is found in the state's last published official Blue Book and tax report.

On Jan. 1, 1925, the federal report showed the value of the live stock in Winnebago county as \$3,585,377. This is published on page 605 of the last Illinois Blue Book, in the following summarized form:

Stock	No. of head	Estimated Value
Horses	11,150	\$725,400
Cattle	39,500	\$1,507,100
Hogs	100	7,000
Sheep	8,070	\$6,817

Stock	No. of head	Assessed value
Horses	7,773	\$394,412
Cattle	26,449	\$609,528
Hogs	121	2,560
Sheep	4,173	13,400
Swine	20,300	104,540
Totals	58,846	\$790,170

Assessed value was one-half of full value for taxing purposes.

Vast Live Stock Shrinkage.

It will be noticed that the number of live stock decreased between Jan. 1 and April 1 from 101,570 to 58,846 head. That is a practice in sundry counties; so many owners desire few animals around when the assessor appears around April 1. But more interesting is the contrast in values placed upon the property. The two foregoing tables show that

in Winnebago county the average value of a horse for the Blue Book is \$67.71 while for the tax book is only \$51.26. For the Blue Book the average head of cattle was worth \$41.17, and for the tax book \$22.94. When the Winnebago county farmers are boasting of what a wonderful animal a mule is, they set him down for \$75.00 in the Blue Book; but when they are telling the assessor what an "ordinary critter" the mule is, he is valued at \$31.46 each. Sheep for the Blue Book were worth \$11.16 each; for the tax book \$5.54. Blue Book hogs were worth \$14.55 each as compared with tax book hogs at \$10.38 each.

One-Third Escape Tax.

These differences in values indicate that one-third of the value of live stock in Winnebago county escaped taxation. Taking the number of each class of animals reported to the assessor and applying the Blue Book values, this is the result: The 58,846 animals valued for taxing purposes at \$1,440,464 were worth \$3,585,377. The value, for assessing purposes, placed on cattle, hogs, horses, sheep,

and mules is not exactly the same in Cook county as in Winnebago; but the difference is not highly important. The tax valuations this same year on the same number of each class of live stock shows that the total valuation in Cook county would have been \$1,447,602—about six per cent more than the tax valuation in Winnebago. If Cook county cheated on these tax valuations, then Winnebago went Cook county six per cent better. If the tax rates were identical, which they are not, then the Cook county farmer would pay six per cent more taxes than the Winnebago farmer on these particular classes of live stock.

How Downstate Politician who seeks to create prejudice against Chicago undoubtedly will claim that the comparison is unfair, because there isn't much farming in Cook county. Any way, that charge has been made.

If, however, one takes the view of the federal government as to what is and what is not a farm, Cook county has twice as many farms as Winnebago county. Cook county had 4,593

farms in 1925 as compared with 2,153 in Winnebago the same year. The farms in Cook average only 61 acres, while in Winnebago they average 161 acres. The federal government says that on Jan. 1, 1925, there were 43,928,319 worth of live stock on Cook county farms. On that same date Winnebago's live stock was valued by the same authority at \$3,585,377. The six per cent heavier burden on the Cook county farmer because of live stock does not indicate the extent of his load.

Cook County Acres Higher.

The United States census of agriculture for 1925 said that the average acre in Cook county farms was worth \$433.75 as compared with \$131.52 for Winnebago county. The average assessed value that same year for a farm acre in Cook was \$218.60 and in Winnebago, \$69.90. The assessed value was one-half of the full value for taxing purposes. So the average farm acre in Cook had a tax valuation of \$433.75 although the federal government estimated its true value at \$433.75; while the valuation on the

average Winnebago farm acre was \$131.52 as compared with the government's true value of \$131.52. On that basis of comparison, the tax valuation per acre in Winnebago is 80.39 per cent of the government estimate of true value; while Cook county's tax valuation per acre is 102.69 per cent of its true value, according to government estimate.

UNITED AUSTRIAN AND HUNGARIAN REUNION CALLED

The United Austro-Hungarian societies of North America will celebrate their annual reunion next Sunday at Brands park. The afternoon festival is to be preceded by a parade with floats representing tropical American and homeland groups. Michael Leboy, festival president, will give the welcoming address. Mayor Thompson, Postmaster Arthur Lueder and Dr. J. W. Kobalt, national president of the United Societies, will be among the speakers.

FIVE MORE DIE AND AUTO TOLL MOUNTS TO 564

Woman, 3 Men, and Boy
Are Day's Victims.

Cook county's 1927 motor toll was raised to 564 by four deaths yesterday. Mrs. Nellie Williamson, 42 years old, 162 North Parkside avenue, died of a skull fracture received Monday night when she was struck by a taxicab at Clark street and Berwyn avenue. The driver, William Goeschel, 6295 North

Greenwood avenue, was to be arraigned today in Town Hall court. Thomas Summers, 64, of 1008 East Marquette road, died of gangrene poisoning which was a result of injuries received when he was struck by an automobile on April 30. He was waiting for a street car at 64th street and Stony Island avenue when the automobile, driven by Ben Bell, 68 East 72d street, knocked him down.

Aston Stakus, 39, 2139 West 34th street, died at St. Anthony's hospital from injuries received when he was knocked down by a taxicab at 21st street and Heyne avenue last Monday. The cab was driven by Max Shapiro, 3849 West 15th street.

Simon Pontious, 46, of 5658 South Park avenue, who was struck by an automobile in Washington park, died of his injuries. G. N. Shaw, 6910 Kimbark avenue, the driver, was held. A truck struck and killed Charles Lee, 12, colored, in an alley at the rear of his home, 5942 South Wabash avenue. The driver, Robert McNeill, 9219 Winston avenue, was directed to appear at the inquest.

Mike Cadise of Whiting, Ind., was killed, Francis Pizzo of Cicero, was blinded and five other members of their families were injured as one au-

tomobile sideswiped another off the highway near Hammond, Ind. Six children and two adults were injured when the automobile in which they were riding collided with another car at Des Plaines street and Jackson boulevard last night. James Regan, 69, of 1141 South Western avenue, driver of the first car, was taken to the county hospital in a serious condition.

The others injured are: Mrs. Edna Saluda, 37, of 1141 South Western avenue, her two children, Carolyn, 3, and Junior, 5; Vivian Andrews, 3; Evelyn Andrews, 4; Frances Andrews, 11, and Wanda Andrews, 1.

\$15,000 Fire in School Is Blamed on Cigaret

After an investigation of the fire which early yesterday morning caused \$15,000 damage at the Thomas Chalmers school, Fairfield avenue and Roosevelt road, John E. Byrnes, business manager for the board of education, scouted the theory that the blaze was started by Sacco-Vanzetti sympathizers and attributed it to a cigarette stub dropped by one of the idlers who frequent the school playground.

TWO NEW BUS ROUTES TO START SCHEDULES TODAY

Officials of the Chicago Motor Coach company last night announced that two new routes, recently authorized by the Illinois commerce commission, will be added this morning to the company lines. The first one will operate from Crawford and Wrightwood, along Logan boulevard and Diversey parkway to Lake View avenue to St. James to Stockton drive, to Lincoln Park West, south to Clark to La Salle and south on La Salle to Elm, east to Dearborn, south to Ohio, east to State, and south on State to Monroe.

The second route will be No. 56 and will begin at the Edgewater Beach hotel and operate along the regular north side route to Diversey parkway and Sheridan road, at which point it will follow the same route to the loop as route No. 44.

FINE AS GAMBLERS. Twenty-one men arrested in a raid on the Blue, a notorious Cicero gambling house, were fined \$5 and costs when arraigned before Judge William Ward, Motion Court, yesterday.

FOUR SUSPECTS IN \$30,000 HOTEL ROBBERY JAILED

Chicago police yesterday arrested four men sought for questioning by Sheriff Glenn D. Weaver of South Haven, Mich., in connection with the robbery early Sunday morning of the Edgemere hotel near that city. Five masked bandits kidnaped the hotel manager and left him tied to a fence after taking an estimated \$10,000 in cash and \$20,000 in jewelry from the hotel safe.

Sergts. James O'Connell and Thomas McLaughlin of the detective bureau found the quartet in a garage at 46th street and Cottage Grove avenue. The car used by the bandits, police said, was of the same make as the one in which the four were arrested.

The men are Alex Portuguese, 31, of 1348 Newberry avenue; Max Jaffe, 28, of 3241 Douglas boulevard; Herman Weiner, 27, of 3728 Arthington street, and Adolph Rothblatt, 30, of 1207 North Artesian avenue. They were booked on fugitive warrants calling for \$10,000 bond.

I practice coolness

"A bowl of Kellogg's Corn Flakes starts my day. With nice cool milk or cream. What a dish for a summer morning! Deliciously crisp and refreshing!"

Kellogg's daily delight more than 11,000,000 people, and because they are so easy to digest they help you to keep fit and cool!

These hot days Kellogg's are wonderful for a light lunch or the kiddies' evening meal. Extra delicious and healthful with ripe berries, peaches or bananas added! Or honey!

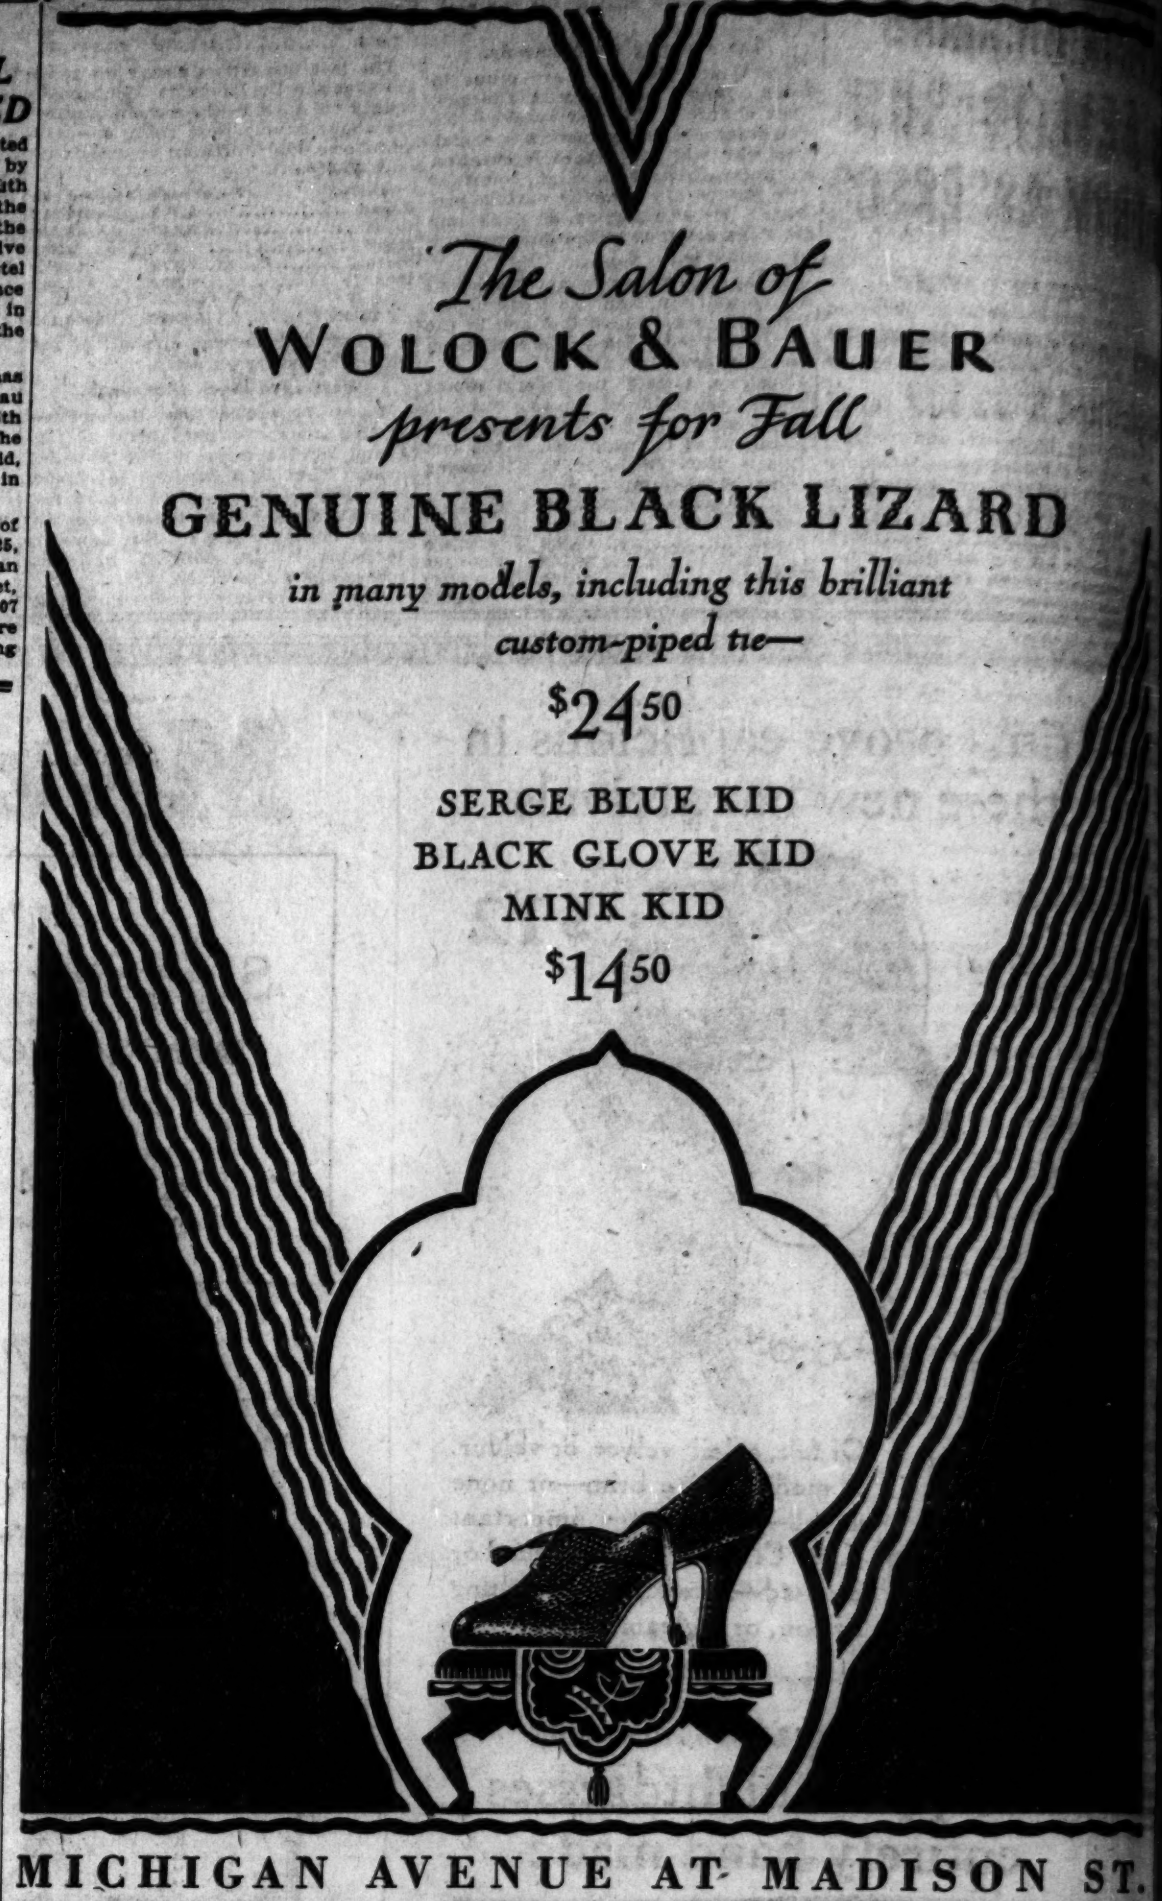

Order at hotels, cafeterias and restaurants. On dining-cars. Sold by all grocers.

Made by Kellogg in Battle Creek. Always oven-fresh in the inner-sealed red-and-green package. Imitations cannot equal such wonder-flavor.

ELECTRIC CHAIR
INSTALLED IN
COUNTY JAIL HEREUsed to Punish Crimes
Committed Since July 1.

CRIMINAL COURT.

Alvin Karpis, 6 months, burglary; Ray Brown, 1 year, robbery; Ernest Towse, 1 year, attempted larceny; Alfonso Sacco, 6 months, attempted larceny; all on basis of conviction by Chief Justice William J. Lindner.

There's a new chair at the Cook county jail—a grim, sturdy, unpretentious piece of furniture in which no one wants to sit. It is the new electric chair that will be used for the execution of murderers for crimes committed subsequent to July 1 of this year, as provided by the law passed at the last session of the state legislature.

Warden Fogarty, who superintended the unpacking of the chair on its arrival yesterday from the Indiana state prison at Michigan City, hazarded the prophecy that "it will outlast every other seat in the hall because of its solid construction and the infrequent use it will receive."

First and Last Cost \$150.
Heavy pieces of oak were used to make the new chair. It was built by Albert Clark, superintendent of construction at the Michigan City prison, and his son Walter, and is fastened together without nails. Cost of the piece was about \$150, which represents practically the entire expense to the state of future executions in Cook county.

As it looks, the chair fits into the new chair. It was built by Albert Clark, superintendent of construction at the Michigan City prison, and his son Walter, and is fastened together without nails. Cost of the piece was about \$150, which represents practically the entire expense to the state of future executions in Cook county.

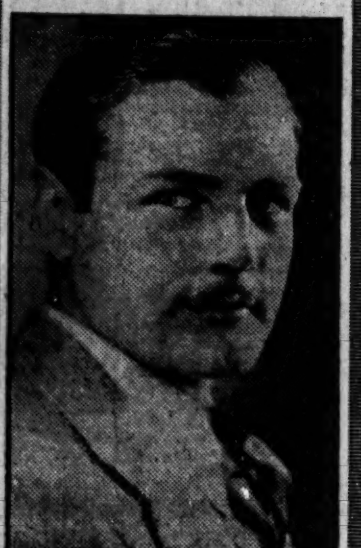

Dynamite in the basement of the criminal court building will control the current of 2,500 volts, which will pass through the body of the prisoner in five seconds. The current will be controlled from a switchboard in a cell in the southwest wing of the jail, from which the man throwing the switch

POLICE FORCED TO
KILL DOG GUARDING
BODY OF "BUDDY"

Brazil, Ind., Aug. 9.—[Special.]—Brazil police today were compelled to shoot a dog guarding the body of another dog which had been poisoned, and refused to permit disposal of the body. Four dogs killed by dog poisoner yesterday brings the total up to more than forty in Brazil. Strychnine was used.

can see the death chair and be sure that all attendants have withdrawn before making the contact.

Executions During Night.
Instead of the customary leather straps, iron clamps are used on the chair to confine the wrists, elbows, and ankles of the condemned man. There is a rubber pad behind the head and a leather one for the feet, and straps which will be used about his waist and chest, and across his eyes. Hereafter, when the sentence of death is carried out, electrocutions will take place shortly after midnight, instead of at dawn as was the case when hanging was the punishment. Warden Fogarty said.

LYON DECLARES
BOND PURCHASE
IS UNAUTHORIZED

State Representative Sidney Lyon, chairman of the house committee on municipalities which considered the Chicago traction bill, denied yesterday that he had authorized Lew Balch, a broker, to purchase \$25,000 worth of traction bonds for him.

Balch is suing Lyon for \$2,000, charging that he purchased the securities at Lyon's order, and that Lyon refused to accept them.

Representative Lyon, asserting he

had opposed the traction bill when they did in his committee, declared that he and Balch, who had been friends, merely discussed the possibility of a rise in traction bonds.

"I told Balch that even if the traction bill which I opposed were defeated I thought the bonds would rise in value," said Lyon. "But I certainly did not authorize him to purchase any for me."

KILLS WIFE BY MISTAKE.

St. Louis, Mo., Aug. 9.—[AP.]—Mrs. A. C. Albright, 40, died last night of bullet wounds inflicted Sunday night by her husband, president of the St. Louis Typewriter Exchange, who mistook her for a burglar.

Do You Remember Way Back When—

JUST as the sun came rosy in the eastern sky, you tumbled from your bed—a dash of water at the pump, and out into the fields? Across the cool and shadowed valley came the fragrance of purple clover and hay newly mown—From the distant pasture—the soft tinkle of a bell.

—And you would steal into the milk shed and right from the pail—cool, fresh and sweet, you would dip yourself a morning drink.

Wouldn't you like such milk again? You can have it—near your home or office. BROOK-HILL Certified Milk has the same real flavor as the milk you knew in those days—sweet, fresh and scrupulously clean.

Drink BROOK-HILL Certified Milk
Fresh from the Farm

Certified Milk is a natural food—the purest dairy product that money and science can produce. Bottled at the farm under strict supervision—always measuring up to the rigid standards. It is a proven health builder.

Make BROOK-HILL Certified Milk part of your noon-day meal—drink it in the afternoon—or in the morning—whenver you feel tired. Certified Milk is Nature's own "Pick-me-up". It was meant for everybody.

You can get BROOK-HILL Certified Milk at the soda fountain—delivered to you in the original bottle, fresh, pure with the full rich flavor unchanged. Try it—you'll feel better.

Children Cry For

**Fletcher's
CASTORIA**

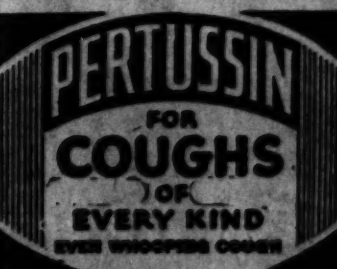

When Baby Complains.

There are many ways a baby has of expressing any pain or irregularity or digestion from its normal condition of health and happiness. A short sharp cry, a prolonged irritated cry. Restlessness, a constant turning of the head or of the whole body, fretful. In these and other ways a baby tells you there is something wrong. Most mothers know that a disordered stomach, or bowels that do not act naturally are the cause of most of baby's sufferings. A call for the doctor is the first thought, but in the event of any delay there should be ready at hand a safe remedy such as Fletcher's Castoria.

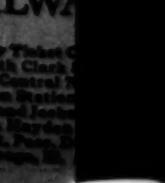

Castoria has been used for baby's ailments for over 30 years and has merited the good will of the family physician in a measure not equaled by any other baby's medicine because of its harmlessness and the good results achieved.

And remember this: Castoria is essentially a baby's remedy and not a cure-all for every member of the family. What might help you is too often dangerous when given to a babe.

To avoid imitations, always look for the signature of Dr. J. C. Fletcher. Proven directions on each package. Physicians everywhere recommend it.

NEW POWER

The map shows the big lignite and coal beds in Germany out of which German invention and industry has found the way to carve a new place for the country both in commerce and in national power. The German system possesses the rights to the process which turns lignite and coal into an efficient substitute for gasoline and at a cost below that of the petroleum product. It is reported that the Standard Oil Company of New Jersey has obtained the rights to this process for exploitation in the United States.

AUTO STORAGE BATTERIES NOT TAXABLE BY U. S.

Philadelphia, Pa., Aug. 9.—(AP)—Federal Judge O. B. Dickinson in an opinion today held that storage batteries are not taxable as automobile accessories under the federal excise rate of 5 per cent of the selling price.

Under the court's ruling the Philadelphia Storage Battery company will recover from the government taxes amounting to \$32,074.

"There is no such thing as an automobile storage battery in the nomenclature of the trade," said Judge Dickinson's opinion. "It follows that the plaintiff did not sell any. What it sold was 'storage batteries' and these are not taxed by the act."

Reports of the Nanking Nationalist government that Gen. Chiang Kai-shek, head of the Nationalist government, has suffered a severe check at the hands of the northern troops in the neighborhood of Fengta, Anhwei province. Seven thousand casualties were reported among his troops.

Japanese Mills May Close. [Chicago Tribune Press Service.] SHANGHAI, Aug. 9.—The Japanese Mills Owners' association of Shanghai today presented an ultimatum to the Nationalist government that, unless the excise taxes announced for Aug. 1 are abolished immediately, all Japanese mills will close down, throwing 40,000 laborers out of work and costing more than 100,000 people the British cigarette factories in the Shanghai district, employing 7,000, closed down last week owing to heavy taxes.

City Market Falls; Kills 38. [Chicago Tribune Press Service.] SHANGHAI, Aug. 9.—The municipal market in the native area of Shanghai collapsed today, causing the deaths of more than thirty persons and injuring more than 100. A heavy wind and faulty construction were blamed.

Deaths. [Chicago Tribune Press Service.] SHANGHAI, Aug. 9.—Deaths: A man, identified as a farmer, was sentenced to life imprisonment today for the murder of his wife.

REPORTS 50,000 DEAD IN CHINA AS QUAKE CONTINUES

[Chicago Tribune Press Service.] SHANGHAI, China, Aug. 9.—A letter dated July 1 was received today by the Shanghai headquarters of the Catholic Society of the Divine Word from Father Theodore Buddenbrock in the town of Hanchow, which is in the quake area of Kansu province.

Father Buddenbrock said: "I am one of the few survivors of the earthquake [on May 21], which has created widespread misery in Kansu province. Official reports estimate that 50,000 were killed in the vicinity of Hanchow alone. Almost daily the quakes are continuing, but there has been no further damage. Between 3,000 and 4,000 are homeless and destitute."

The society is wiring its headquarters at Tientsin, Ill. for assistance.

TO SOUTH AMERICA VIA HAVANA and PANAMA CANAL Golden Days At Sea

A really delightful vacation trip that is different. Sailing in the Pacific Ocean, the ship will visit the most beautiful islands of the Pacific, the Gulf of Mexico, the Caribbean Sea, and the West Indies. The ship will also visit the most beautiful cities of the Americas, including Havana, Panama, and San Juan.

REBELS BATTLE SOVIET FORCE AT POLISH BORDER

STOLITZ, Poland, Aug. 9.—The breaking of guns in a battle between communists and insurgents just across the border in Russia has been heard intermittently since Sunday morning.

Arrival of a detachment of gray-cou, or political police, turned the tide in favor of the soviet regulars. Many dead and wounded were seen to have been left by the rebels as they were driven back.

Firing is still heard, showing that the rebels continue fighting, but on the border Russian cavalry, seen for the first time there since 1920, ominously stand guard.

Raid Red Center in Warsaw. [Chicago Tribune Press Service.] WARSAW, Aug. 9.—Pursuing a policy of conciliating the Russians, the Polish government has expelled four Russian monarchist conspirators from Poland. At the same time, they have arrested six red spies and raided the center of communist propaganda.

"Eight hours vanished forever from my life"

—Christopher Morley

CHRISTOPHER MORLEY, the philosopher of The Bowling Green, recently took his first "voyage" on the 20th Century Limited. He told the story in the Saturday Review of Literature, from which these extracts are reprinted by his permission:

In New York we think of the Twentieth Century Limited as just a train, but in Chicago she is an institution.

The Century, as she is affectionately and familiarly called out there, makes her departure from the La Salle Street Station with something of the circumstance of a crack liner leaving her pier.

The morose of the whole scene is magnificent.

She pulls out on the tick, and leaps at once into her long, smooth stride. Behind you see the second section following, the big locomotive flitting two green flags.

We make our first stop at Elkhart. It's fine to see a squad of oilers and coal-passers leap at the engine almost before she has come to a stop and begin hoisting her... Then we're off again. The second section pulls in just as we leave. Do they keep it up like that, nip and tuck, all night?

The sweet brown fields of Indiana recede behind us... I guess there's truth in what the railroad claims about the water level route: certainly the running is amazingly smooth.

I was sorry to see the last of our relay of locomotives leave us at Harmon. It would have been nice for her, I thought, to have had the honor of roaring us proudly to the very end. And I wouldn't have been myself, I reflected ruefully, if I hadn't immediately gone on to find a symbol in the matter. For it is just so with man throughout his life—he's frequently changing engines. For a while, Fun is his motive power; then Earning, or Ambition, or Love, or Family, all powerful moguls, keep him all steamed up. Perhaps it is the quiet electric engine, Peace, that brings him at last into his Grand Central Station.

A complete reprint of Mr. Morley's article may be obtained upon request to the Passenger Department, New York Central Lines, 466 Lexington Avenue, New York.

don't fool yourself

Make yourself welcome

Realize this: in business, social and home life, it is vital that you do not offend those about you with Halitosis (unpleasant breath).

You yourself can never tell when you have it, and the one way to put yourself on the safe—and polite—side is to rinse the mouth with

Had Halitosis 111 manufacturers say that halitosis is apparent in about every third customer—every one of them men from the better walks of life. Who should know better than they?

Face to face evidence

Immediate Listerine removes every trace of unpleasant odor and makes you acceptable anywhere. Send for free book of etiquette. Lambert Pharmaceutical Co., Dept. G-7, St. Louis, Mo.

EVERYBODY'S TALKING

Everybody's talking about the marvelous whiteness of teeth after using Listerine Tooth Paste a short time. You will be delighted. Large tube 25 cents.

Gray Hair restored to a natural color

No need to have gray hair! Monahato has had singular success in restoring a natural color to gray hair. It is not a dye. No danger of soiling or harming the scalp.

Monahato is also a preventive of gray hair. Occasional use preserves the natural color of the hair indefinitely.

Not the least of Monahato's merits is its ability to correct the dry and brittle effect often produced in the hair by a permanent wave.

\$1.39 Bottle

ONLY three applications—and the most persistent case is destroyed. Occasional use thereafter—and dandruff is permanently banished.

That is the record of MONAHATO—a record proved countless times during the twenty-five years it has been compounded. Now, through Walgreen Co., it is publicly introduced and recommended as an effective remedy for scalp and hair troubles.

Itchy scalp, dry lifeless hair, abnormal falling of hair—correct these quickly and surely with MONAHATO, the safe remedy.

MONAHATO contains no harmful chemicals. Its chief ingredient is an imported herb, remarkable in its power to invigorate the scalp and revitalize the hair.

WHEAT AND CORN CLOSE EASIER ON PROFIT TAKING

BY CHARLES MICHAELS.

Wheat and corn markets developed a more overcast condition, and while the wheat market advanced to \$1.18 at the close, a new high on the crop was persistent profit taking on the wheat and prices averaged lower, with the finish at net losses of 1/4¢ to 1/2¢. September closed at \$1.41 1/2, or 1/4¢ under December, with corn unchanged to 1/2¢ lower, September being \$1.11 1/2, or 1/4¢ under December. Corn was 1/4¢ under December, with corn unchanged to 1/2¢ lower, September being \$1.11 1/2, or 1/4¢ under December. Corn was 1/4¢ under December, with corn unchanged to 1/2¢ lower, September being \$1.11 1/2, or 1/4¢ under December.

Wheat has narrow range.

Future held within a range of 1/4¢ to 1/2¢, with good buying by houses with western connections on the basis of the recent bulge, the market was 1/4¢ to 1/2¢ lower, with September being \$1.11 1/2, or 1/4¢ under December. Corn was 1/4¢ under December, with corn unchanged to 1/2¢ lower, September being \$1.11 1/2, or 1/4¢ under December. Corn was 1/4¢ under December, with corn unchanged to 1/2¢ lower, September being \$1.11 1/2, or 1/4¢ under December.

Corn Resists Pressure.

Corn showed stubborn resistance to selling pressure, and while easing rather sharply after the opening bulge, the market was 1/4¢ to 1/2¢ lower, with September being \$1.11 1/2, or 1/4¢ under December. Corn was 1/4¢ under December, with corn unchanged to 1/2¢ lower, September being \$1.11 1/2, or 1/4¢ under December. Corn was 1/4¢ under December, with corn unchanged to 1/2¢ lower, September being \$1.11 1/2, or 1/4¢ under December.

Bank of Republic to Pay Another Asset Dividend

Stockholders of the National Bank of the Republic prior to its absorption of the National City bank will receive another dividend of \$2.50 a share on Aug. 15 as the result of further liquidation of assets that did not go into the merger. These assets have been held by trustees and the proceeds paid to old stockholders as special dividends. The present dividend brings such payments to \$12.50 a share. The directors yesterday also elected Charles S. Macfarland and E. A. McCreight as vice presidents. The American Multigraph company increased its annual common stock dividend from \$1.50 to \$2 by declaring a quarterly payment of \$2. Best & Co. declared an initial quarterly dividend of \$2.50. W. H. Bond declared interim dividends of 30 cents on the class A and 30 cents on the class B shares. The Cleveland Stone company declared \$5 extra on the common stock. The American Electric corporation omitted its quarterly dividend of 40¢ cents due at this time on its class A stock.

GASOLINE AND LINSEED OILS.

GASOLINE—Bulk wagon, 14¢; service station, 15¢. Linseed oil, tank wagon, 10¢; 100 lb. drum, 11¢. Black, 10¢; do winter, 10.4¢. White, 10.2¢; do winter, 10.6¢. Denatured, 10.2¢; do winter, 10.6¢.

CASH GRAIN NEWS

The continent and the United Kingdom were good buyers of wheat with sales of 1,100,000 to 1,300,000 bu. in all positions, largely Manitoba, but included some red winter, presumably to France. There were also sales of durum. Winnipeg sold 700,000 to 800,000 bu. on direct orders, which was included in the seaboard aggregate. Some barley was sold abroad. Chicago handlers sold 215,000 bu. wheat and 10,000 bu. barley to the seaboard for export.

Official receipts of grain at Chicago Tuesday:

Wheat, 453 cars; corn, 48 cars; oats, 72 cars; rye, 9 cars; barley, 54 cars.

Range of cash grain prices in leading markets follow:

WHEAT.

TWO SOUTH SIDE HOTELS SOLD FOR \$1,350,000

BY AL CHASE.

Two south side apartment hotels changed hands yesterday. Both were sold by the Standard Hotel Company to Donald D. Kieder, who took title for undisclosed parties, it is understood. The total price paid is reported as \$1,350,000. The eight-story Veranda hotel, at the northeast corner of East 53d street and Dorchester avenue, 75x150, was sold for a reported \$600,000. The Jordan apartment hotel, at the southwest corner of Dresden boulevard and Bowen avenue, a six-story building, was sold for a reported \$750,000. Carroll, Schendorf & Boenke were brokers in both sales. Alheimer & Mayer, and Touris, Waugh & McClellan were attorneys.

The Belmont hospital has leased the six-story building at 4045 Melrose street from James Halpin for five years from Oct. 1, 1927, at a total rental of \$1,000. The lease has an option to buy at \$47,500. The building will be used for living quarters by the hospital.

The fifteen apartment building at the northeast corner of Fairfield and Arden streets has been sold by 301th C. Buckett to Morris Frankel for a reported \$75,000, subject to an incumbrance of \$40,500. The two-story store and flat building at 2721 Lincoln avenue was given in part payment. J. L. Holmes was the only broker. Maurice A. Baranek and A. N. Pritsker were attorneys.

John P. Gilchrist, vice president of the Commonwealth Edison company, has purchased the residence property 50x100 feet at 5613 Blackstone avenue from Willard C. Lombard. The property adjoins his home at 5405 Blackstone avenue. Andrew Karvas transferred title in the 13x120 feet at the southwest corner of 79th and Maryland to George Christos and Nick Nounkos for an undisclosed consideration. They, in turn, gave title to William Argiris, who, in turn, gave a quitclaim to the Maryland Building corporation. There is a \$125,000 incumbrance on the property, which is being improved with a one-story store building. When completed the project will represent an investment of \$299,000 in land and building, it is stated. Adolph J. Peit was attorney.

COTTON AGAIN GAINS IN EXCITED TRADING

Cotton at top prices yesterday showed an advance of 17.00 a bale from the low of Monday morning, with excited trading and sharp price changes. At the start there was a quick advance of 35.00 a bale, or 10 c a lb, in Liverpool in response to the advance in American markets Monday, with spot prices there up 187 points based on the government crop report.

Heavy selling for profits made irregular price movements at times. At the extreme values were up nearly to the 210 level for futures, with net rates for the day of 187 1/2 points in Chicago and 187 1/2 points in other markets. Spot prices in New York gained 50 points to 19.55, nearly the highest of the season, while New Orleans was up 50 points to 19.50. Houston reached 19.50 and Galveston 19.55.

Reports of heavy rains in Texas and of floods in Arkansas, where the crops are fruiting and in a condition to be damaged were the basis for good scattered buying late in the day, and an advance to new high marks. Increased profit taking was responsible for the late recession. Prices in leading markets follow:

\$2,000,000 Mercantile Mortgage Company

(San Francisco)

Collateral Trust Mortgage 6% Gold Bonds

Series F, Due June 1, 1942

Price 100 and Interest, Yielding 6%

The Company agrees to pay interest without deduction for any Federal Income Tax up to 2%.

The following summary is taken from a letter from Mr. John S. Drum, President of the Company:

The Company makes first mortgage real estate loans on improved urban property in the San Francisco Metropolitan Area and territory adjacent thereto. The stock of the Mortgage Company is owned by the American National Company, the securities company affiliated with the American Trust Company, and the stock of the American National Company is trusted for the benefit of stockholders of the American Trust Company. The American Trust Company has total resources of nearly \$300,000,000.

The Mortgage Company has by its Trust Indenture and by agreement with its bankers agreed to those conservative restrictions which experience has found effective in the safeguarding of this class of investment.

These bonds are the direct obligations of the Mercantile Mortgage Company. In addition, the bonds are secured by the deposit with the trustee of first mortgages on carefully selected types of improved urban real estate to an amount always equal in face value to 110% of the bonds outstanding under the indenture. The bonds may also be secured in the same ratio by cash or bonds and obligations issued by or under the authority of the United States.

We recommend these bonds for investment and shall be pleased to send a circular describing the issue in detail.

"Your Personal Bank"

\$12,000,000

National Radiator Corporation

6 1/2% Sinking Fund Gold Debentures

To be authorized: \$15,000,000
To be dated: August 1, 1927

To be issued: \$12,000,000
To mature: August 1, 1947

Interest payable August 1 and February 1, without deduction for any Federal Income Tax not exceeding 2% which the Corporation or the Trustee may be required to pay thereon or retain therefrom. The Corporation will refund upon proper application any sum payable or retained therefrom in excess of four mills, any District of Columbia personal property tax not in excess of five mills, any Maryland securities tax not in excess of four mills or any Massachusetts income tax not in excess of 1% per annum. Principal and interest payable at Bankers Trust Company, New York, or at J. & W. Seligman & Co., New York, or at Continental and Commercial Bank and Savings Bank, Chicago. Redeemable as a whole or in part on any interest date upon less than 40 days' written notice, or prior to August 1, 1932 at 107% and accrued interest; thereafter through August 1, 1937 at 108 and accrued interest; thereafter through August 1, 1942 at 104% and accrued interest; and thereafter and prior to maturity at 100 and accrued interest. Coupon Debentures of \$1,000 and \$500 denomination, interchangeable and registered as to principal only.

The following information has been furnished by John H. Waters, Esq., Chairman of the Board of Directors of the Corporation:

Business: National Radiator Corporation has been organized under the laws of Delaware to acquire assets and business of the following six companies:

National Radiator Company
Niagara Radiator & Boiler Company
Continental Heater Corporation

Utica Heater Company
Gurney Heater Manufacturing Company
Union Radiator Company

all of which have been in successful operation over a long period of years.

National Radiator Corporation, upon acquisition of these various properties, will be the second largest manufacturer in the world of steam and hot water radiators and cast iron boilers for heating purposes.

Capitalization: The capitalization of the Corporation, upon consummation of the plan for the acquisition of assets and business of the six predecessor companies, and the financing incident thereto, will be as follows:

	Authorized	Issued	Unissued
6 1/2% Sinking Fund Gold Debentures, due August 1, 1947 (this issue)	\$12,000,000	\$12,000,000	\$12,000,000
\$7 Cumulative Convertible Preferred Stock (no par value)	50,000 shs.	50,000 shs.	50,000 shs.
Common Stock (no par value)	500,000 shs.	270,000 shs.	230,000 shs.

*Includes 150,000 shares to be reserved for conversion of the authorized Preferred Stock.

Security: These Debentures will be, in the opinion of counsel, the direct obligations of the Corporation and, upon the completion of this financing, will constitute its sole funded debt.

Earnings: The combined net earnings of the six predecessor companies, assets of which are to be owned by National Radiator Corporation, available for interest after depreciation, but before Federal Taxes, for the four years ended December 31, 1926, as certified to by Deloitte, Plender, Griffiths & Co., were as follows: 1923, \$2,456,076; 1924, \$3,405,763; 1925, \$3,488,980; 1926, \$3,472,184.

Earnings available for interest for the four year period, as shown above, have averaged \$3,205,751 annually, equivalent to 4.11 times annual interest requirements on this issue of Debentures and for the year 1926 were 4.45 times such requirements.

The six predecessor companies report earnings, after provision for depreciation, but before interest and Federal Income Taxes, of approximately \$601,000 for the six months ended June 30, 1927, as compared with approximately \$892,000 for the corresponding period of 1926. Unfilled orders as of June 30, 1927 amounted to about \$4,270,000 as compared with about \$2,200,000 at the corresponding date in 1926. Normally, about two-thirds of the radiator and boiler business is done in the last half of the year and a still greater proportion of the net earnings realized in that period.

Balance Sheet: The balance sheet of National Radiator Corporation as of December 31, 1926, after giving effect to the acquisition, as of that date, of properties and assets to be presently owned, to the appraisals as of the same date by Messrs. Sanderson & Porter of real estate, plant and equipment, to the present financing and transactions incident thereto, as certified to by Deloitte, Plender, Griffiths & Co., shows total current assets of \$10,742,547 as compared with total current liabilities of \$1,478,061, or a ratio of over 7 1/4 to 1. Tangible assets, after deducting all liabilities except these Debentures, were approximately \$18,000,000.

Sinking Fund: The Indenture under which the Debentures are to be issued will provide for a cumulative semi-annual Sinking Fund, calculated to be sufficient to retire the entire issue by maturity through call by lot at the prevailing redemption price. The Corporation may offer Debentures at their redemption price in lieu of cash for the Sinking Fund.

Purpose of Issue: These Debentures, together with 60,000 shares of \$7 Cumulative Convertible Preferred Stock of no par value and 270,000 shares of Common Stock of no par value are being issued in connection with the acquisition of assets and business of the six predecessor companies.

Management: The operating management will continue in the hands of former executives of the predecessor companies. John H. Waters, President of National Radiator Company, is the Chairman of the Board of Directors, Edward Norris, President of Utica Heater Company, will be the President, and E. C. Andrews, President of Niagara Radiator & Boiler Company, will be the Chairman of the Advisory Committee. The management and associates will have a substantial interest in the new Corporation through acquisition of approximately 43% of its Common Stock, and will also acquire substantial amounts of these Debentures and of the Preferred Stock.

Listed on The Chicago Stock Exchange

Application will be made to list these Debentures on the New York Stock Exchange

Price 100 and accrued interest to yield 6.50%

These Debentures are offered for delivery when, as and if issued and received by us and subject to approval of counsel. Legal matters in connection with the Indenture and these Debentures are to be passed upon by Messrs. Murray, Aldrich & Roberts for the bankers and by Messrs. White & Case for the Corporation. It is expected that interim receipts or temporary Debentures will be available for delivery on or about September 1, 1927.

For further information in regard to this issue, reference is made to a circular which may be obtained upon request

(Rheinisch-Westfaelisches Elektrizitaetswerk Aktien-Gesellschaft)

Direct Mortgage Gold Bonds, 6% Series, due 1952

Dated May 2, 1927

Due May 1, 1952

Principal and interest payable in New York City in United States gold coin of the present standard of weight and fineness at The National City Bank of New York, Trustee, without deduction for any past, present or future taxes or duties levied by or within the German Reich. Redeemable at the option of the Corporation as a whole but not in part at any time upon sixty days' notice at 102 and accrued interest to and including May 1, 1932; at 101 and accrued interest thereafter to and including May 1, 1942, and at 100 and interest thereafter, or in part by operation of the Sinking Fund, on any interest date, upon thirty days' notice, at 100 and accrued interest.

THE NATIONAL CITY BANK OF NEW YORK, Trustee
DARMSTADTER UND NATIONALBANK KOMMANDITGESELLSCHAFT AUF AKTIEN, Co-Trustee

The following information is taken from a letter of Messrs. Thiel and Schmidt, Managing Directors of the Rheinisch-Westfaelisches Elektrizitaetswerk Aktien-Gesellschaft, copies of which may be had upon application to the undersigned:

The Rhine-Westphalia Electric Power Corporation and subsidiaries, with respect to property value, earnings, capacity of power stations and number of customers served, comprise one of the largest electric light and power systems in Europe. The districts served, which lie in the valleys of the Ruhr, of the lower and central Rhine and of the Sieg Rivers, have an area of about 7,700 square miles and constitute the most important industrial sections of Germany.

The system includes nine electric generating stations with an aggregate capacity of 700,000 horsepower. The principal station is one of the largest and most modern in the world and has a capacity of 390,000 horsepower. The transmission and distribution systems comprise over 11,840 miles of high and low voltage lines. In addition to the electric properties, the Corporation owns a high pressure gas transmission system with 150 miles of pipe lines, and has an interest in certain electric railway properties.

	1926	1925
Gross Earnings, including Non-Operating Income	\$24,286,224	\$23,658,756
Operating Expenses, Maintenance and Taxes	15,563,957	15,165,562
Net Earnings, before Reserves for Renewals and Replacements	\$ 8,722,267	\$ 8,493,194

The earnings statement for the year ended June 30, 1927, is not yet available. It is fully expected that it will show earnings in excess of those of the previous year. The annual interest requirements on the Direct Mortgage Gold Bonds (including this issue) and the estimated maximum fixed charges on the Industrial Debentures issued under the Dawes Plan aggregate \$1,872,000.

Application will be made to list these Bonds on the New York Stock Exchange

Bonds are offered when, as and if issued and received by us, subject to approval of our counsel, Messrs. Shearman & Sterling, New York City, and Doctor Friedrich Krenner, Berlin, Germany. Delivery in temporary form is expected on or about August 29, 1927.

Price 95 1/2 and interest, yielding 6.36%

Over \$4,000,000, aggregate principal amount, of these Bonds have been reserved for sale in markets outside of the United States, including \$1,500,000 to be publicly offered in The Netherlands by the Amsterdamsche Bank, Internationale Bank, Rotterdamsche Bankvereeniging, and R. Mees & Zoonen; and \$250,000 in Sweden by the Stockholms Enskilda Bank.

DROP IN OUTPUT AROUSES HOPE IN OIL INDUSTRY

BY O. A. MATHER.

The petroleum industry, long depressed because of overproduction, swung between hope and fear yesterday. Hopes of curtailing production were raised by the action of the Oklahoma corporation commission in approving the agreement of operators in the greater Seminole field to restrict daily output to 450,000 barrels. An order promulgating the restriction will be issued today.

Another ray of hope came in the weekly report of the American Petroleum Institute, which showed that the country's gross daily average production last week was 3,711,150 barrels, a decline of 8,950 barrels a day from the preceding week. Oklahoma output of 750,000 barrels, California's production fell off 3,400 barrels a day.

Gasoline prices declined. On the other hand, the Standard Oil Company of New York reduced gasoline prices two cents a gallon in the east and aroused fears that price cutting might extend to other parts of the country. The wholesale market for gasoline has been weak in the middle west in the last week or so.

The Pure Oil company announced another piece of financing in its effort to acquire the American Eastern Petroleum Corporation, which is a holding company for the Pan-American Petroleum and Transport company and other properties and is owned jointly by Standard Oil of Indiana and Standard Oil of New York.

Some pickup in general trade is evident in the railroad movement of commodities. Loading of revenue freight for the week ended July 30 totaled 1,045,000 tons, an increase of 33,197 over the preceding week. While the current total is 5,676 cars below the year ago, this is due to smaller movements in coal, ore, grain, and forest products.

As good or better business than last year, and even larger profits, are expected by President George B. Everett of Montgomery Ward & Co. "We expect to make up the decrease of almost 3 per cent in sales this year," he said yesterday, "and we hope to show a slight increase over 1926. It is probable net income will be 6 per cent or better on total sales. Overhead has been reduced and the profit margin increased."

Answers are based upon information which this Tribune believes correct, but beyond care in securing this Tribune assumes no responsibility.

Inquiries must bear the signature and address of writer. Answers of public interest will be published, those of general interest will be mailed (if stamped self-addressed envelope is enclosed. Address letters to Investors' Guide.

Wednesday, August 10, 1927. (Copyright, 1927, by The Chicago Tribune.)

Woodley Petroleum. F. J. Mattoon, Ill.—Woodley Petroleum company reported net income of \$344,303 for 1926, as compared with \$271,074 for 1925 and a deficit of \$40,761 for 1924.

Dividends at the annual rate of 60 cents a share are being paid on the stock.

The stock is of medium grade and speculative.

Adirondack Power and Light (Debtors Called.) S. D.—All of the Adirondack Power and Light corporation five year 6 per cent convertible debentures, due April 1, 1927, at 101 and interest at the New York Trust company, New York City.

Holders of the debentures are entitled on Oct. 1, 1927, to convert them into a par amount of 7 per cent preferred stock of the corporation, equal to the principal amount of debentures, upon the surrender thereof for that purpose.

Ten days' written notice of intention to convert must be filed with the New York Trust company.

FINANCIAL NOTES

Following conference between various classes of creditors and stockholders it was announced that an agreement had been reached upon a plan for the reorganization of the Federal corporation and its subsidiaries, and a syndicate has been organized which is prepared to underwrite the plan.

The contract between Brown, Boveri & Co., Ltd., and the American Brown-Boveri Electric corporation was held by the American W. M. Flock, chairman of the American firm, said today for Boveri to enter into negotiations with the European company regarding future relationships and possibly to make a new contract.

Stockholders of the Galtfield company have been called to meet Aug. 29 to vote on a proposed reorganization of the company with the Galtfield corporation.

“A woman
customer
proved it for me”

W. T. Davis of the Victor Talking Machine Company
gives his personal experiences in using his
firm's national advertising as a sales argument

FOR ten years Mr. Davis has been selling for the Victor Company. Therefore his experiences in using the local value of Victor's national magazine advertising as a sales argument will interest every man on the road who carries a nationally advertised line—and every sales manager who believes that the advertising argument is one of the strongest he can give his men.

Knowing the standing which The American Magazine has among the salesmen of the nation—and its efforts to provide them with useful down-to-the-ground facts with which to back up their advertising arguments—Mr. Davis has given us the following personal statement of his experiences and methods:

"It's mighty hard to get away from the power of national magazine advertising when you travel around the country the way I do—and watch the people reading magazines in hotel lobbies, on street cars and railroad trains.

"If I could take a dealer on a trip with me and show him all this—show him people reading Victor advertising, I'd have one of the strongest sales demonstrations it would be possible to make.

"Of course, I can't do this—so the next best thing is to try and paint a picture of it for the dealer—and then back it up with figures on the extent of our advertising right in his own locality.

"I remember though, one very interesting experience I had a while ago.

"I walked in on a dealer just as he was setting the

stage to demonstrate another product by appointment

"A few minutes before the arrival of the customer I launched into the facts about my firm's advertising and the value of tying up to it. The dealer was only partly interested. He had his appointment in mind.

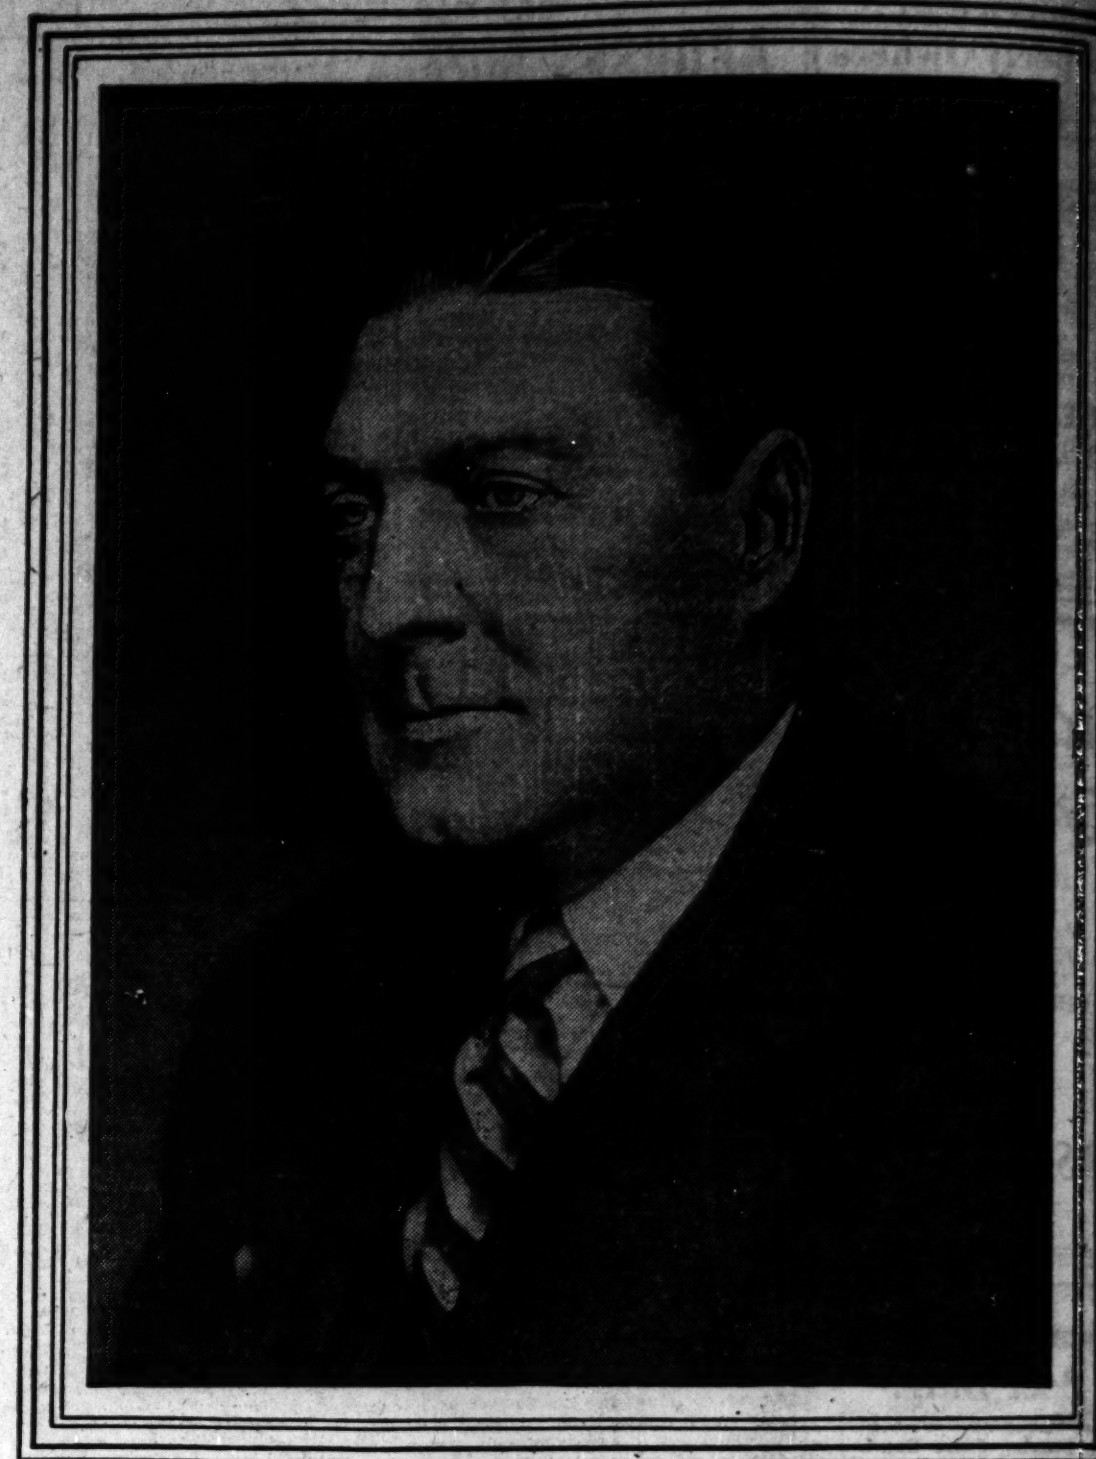

"And then the customer entered—a woman. She was carrying a magazine. And in it she had marked a Victor advertisement.

"Immediately the scene changed. At her request, the Orthophonic Victrola held the center of the stage and in a few minutes the sale was made.

"After that it didn't take long to convince this dealer of the power of the advertising behind our product and the value of tying up with it. Using this woman as an example I showed him how she was only one of many hundreds in his city actually looking for a chance to buy our product!

"So I say, watch The American Magazine readers in their homes, on the street cars, in hotel lobbies, on trains. Paint this picture in detail for the dealer. Give him facts and figures. That's my policy—and I continually point out to dealers that advertising such as the Victor Company has carried on in The American Magazine every month for the past fourteen years, finding its way into hundreds of homes in his locality, is the reason why our Company's trademark is so well known.

"Furthermore, I can say that The American Magazine's Vest Pocket Sales-Maker will enable you to give information that sells."

The Vest Pocket Sales-Maker
will help You sell

[[SEND FOR IT]]

The Vest Pocket Sales-Maker is a booklet prepared by The American Magazine to give salesmen just the facts and figures on the local value of national advertising which, as Mr. Davis points out, are so helpful in selling a dealer.

It translates into local terms these four fundamental facts about The American Magazine—facts which establish The American Magazine as the greatest single force for increasing merchandise consumption in America today.

1. The American Magazine's circulation of 2,200,000 at 25 cents a copy insures strong local coverage in every dealer's town.
2. Every issue of The American Magazine, containing your firm's advertisement, is alive for 30 days in 2,200,000 homes.
3. The American Magazine is read by *all* members of the family who influence sales — fathers, mothers and young people.
4. Editorially The American Magazine influences these 2,200,000 families to do more, have more, want more—and therefore buy more.

19,005 salesmen, representing 740 companies and 117 lines of trade, are now using the Vest Pocket Sales-Maker. Also more than 11,000 reprints of American Magazine newspaper announcements are being used by these concerns every month

Police Break Up Sacco-Vanzetti Demonstration with Tear Gas Bombs—Maj. Gen. Wood Is Buried

(Tribune Photo.)

GIRL LEADS RADICAL SYMPATHIZERS IN PARADE BROKEN UP BY POLICE WITH TEAR BOMBS. Aurora D'Angelo, 18 years old, 908 Sibley street, shown standing in auto on Madison street last night at height of Sacco-Vanzetti demonstration. The parade followed a noisy meeting at the Ashland Boulevard auditorium. (Story on page 1.)

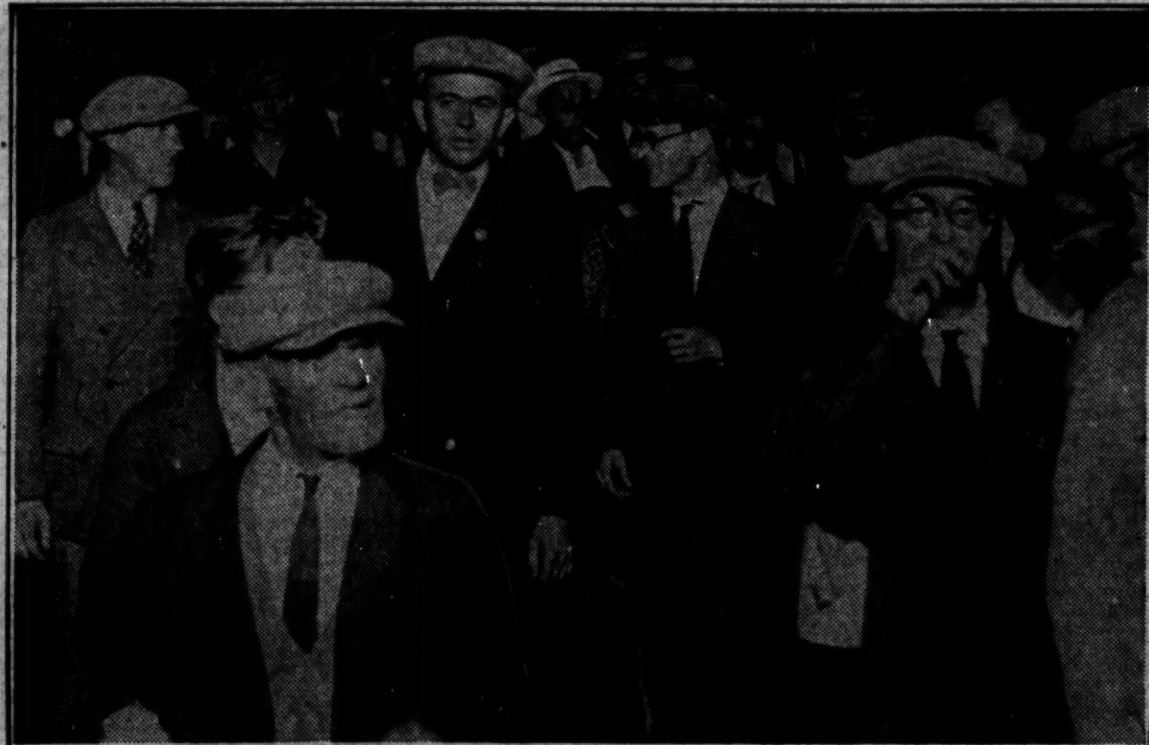

(P. & A. Photo: Transmitted by A. T. & T. wires.)

MAJ. GEN. LEONARD WOOD IS BURIED WITH ROUGHRIDERS IN ARLINGTON CEMETERY. Body of famous soldier on caisson as it left Union station in Washington yesterday for final resting place following arrival from Boston. Gen. Wood died early Sunday after an operation for tumor. (Story on page 8.)

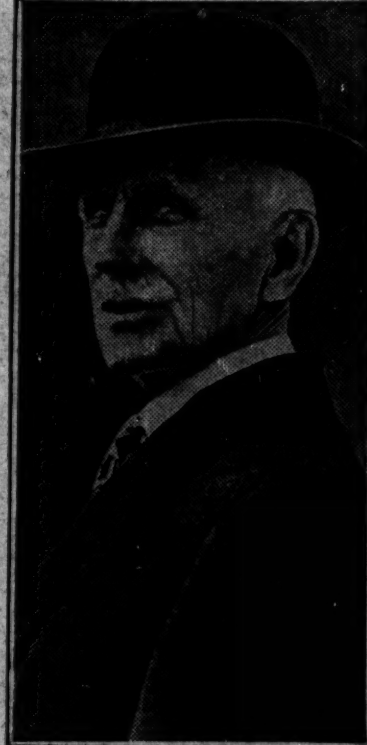

(Tribune Photo.)

LEADER OF RADICALS IN SACCO RIOT. Aurora D'Angelo, who was arrested for her part in two demonstrations last night in behalf of condemned men. (Story on page 1.)

(Tribune Photo.)

HUNDREDS PARADE INTO LOOP TO PROTEST EXECUTION OF SACCO AND VANZETTI. View of crowd surging along Madison street last night after meeting at west side hall. Police broke up the demonstration and arrested many. (Story on page 1.)

(Pacific and Atlantic Photo.)

DENIES STAY. Judge Webster Thayer, who sentenced Sacco and Vanzetti. (Story on page 1.)

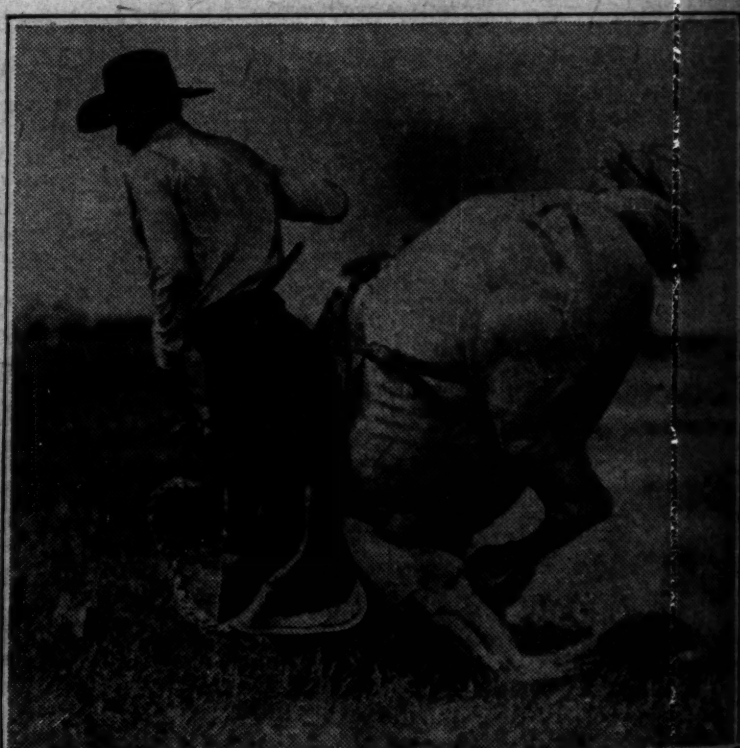

(Tribune Photo.)

CLOSEUP OF BOMB FOUND NEAR POSTOFFICE. Lieut. Make Mills examining dynamite, gelatine, and alarm clock found in building at Madison and Racine. (Story on page 1.)

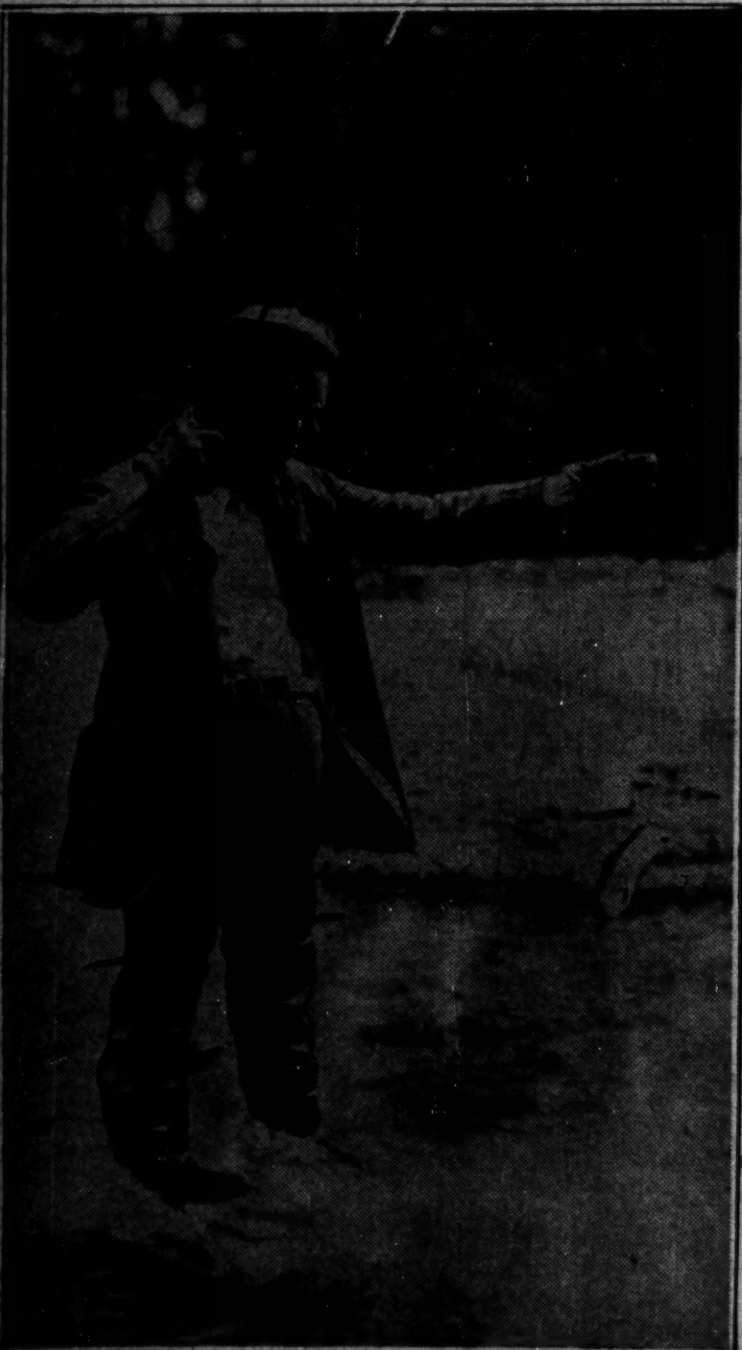

(Tribune Photo.)

POLICE GUARD SACCO-VANZETTI DEMONSTRATION HERE AS EXECUTION DRAWS NEAR. Crowd last night at the Ashland Boulevard auditorium listening to speakers demand mercy for two radicals condemned in Boston. The hall was packed and squads of police mingled with the crowd to preserve order. (Story on page 1.)

OUTLAW BRONKS TO BE SEEN AT RODEO. Rawlings Gray, one of the most vicious animals which will appear at Soldiers' field, Saturday, throwing Floyd Stiffings at recent rodeo. (Story on page 14.)

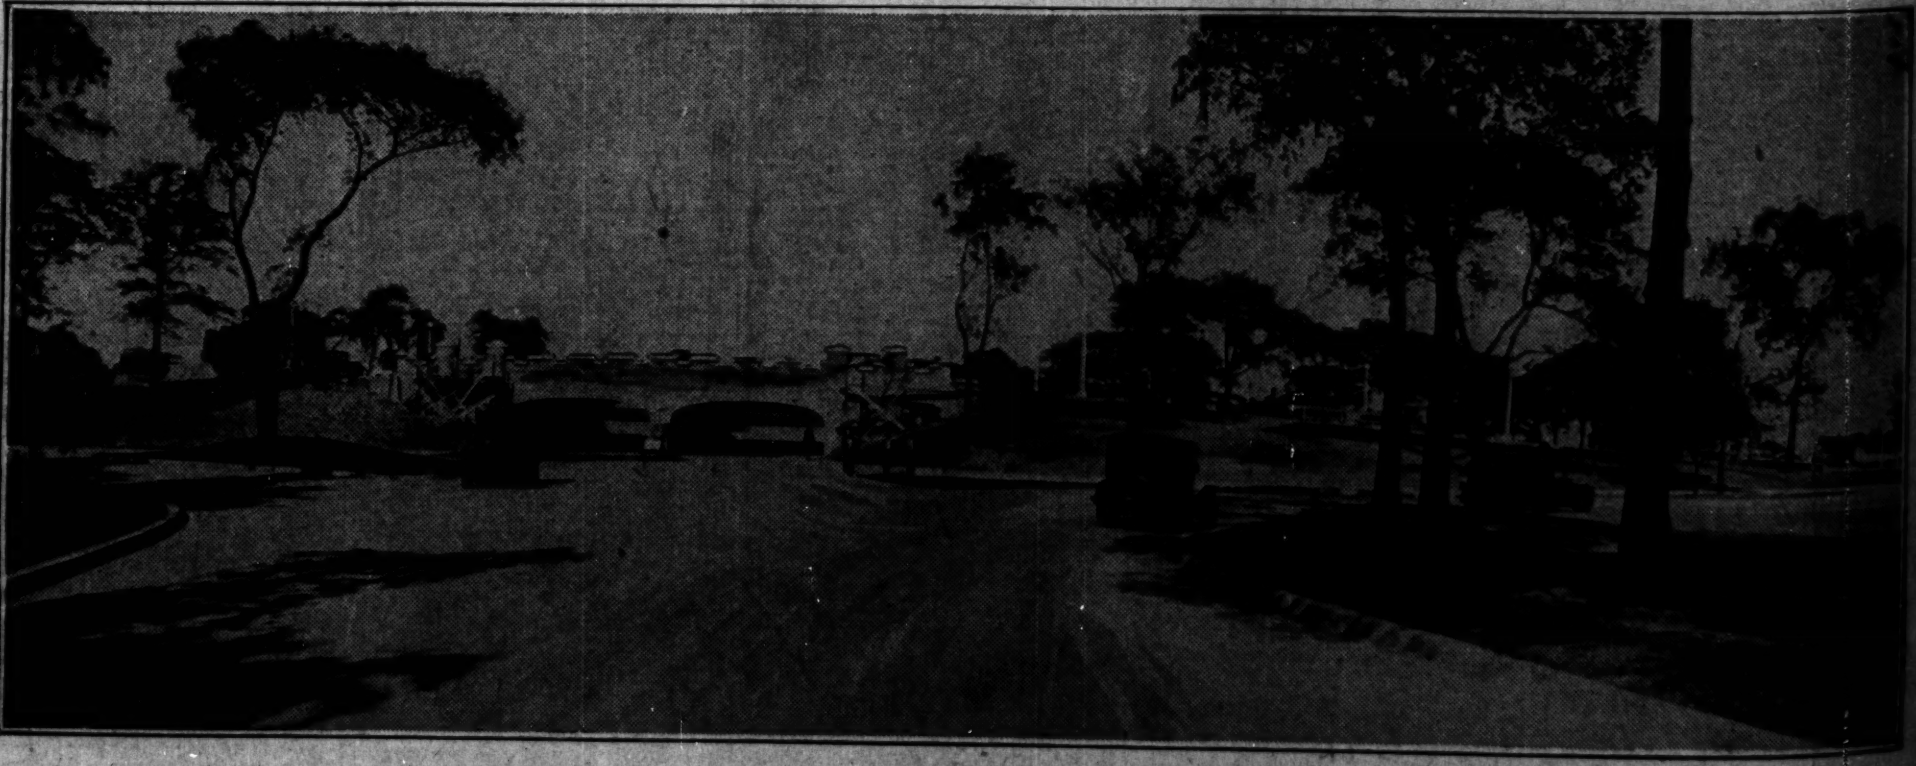

(Wide World Photo.)

IDAHO SENATOR LANDS BIG TROUT. William E. Borah bringing in fish at Idaho mountain stream. It is not known whether he used the worm or fly bait.

(Tribune Photo.)

DEFENDS RADICALS. Isadora Duncan, who argued with Chicago judge in Paris cafe. (Story on page 1.)

(Tribune Photo.)

NEW GRADE SEPARATION AT SOUTH END OF LINCOLN PARK CALLED SUCCESS ON DAY OF ITS DEDICATION. View of new system of driveways just above North avenue looking east. The road beneath the bridge carries traffic bound from the south for the west and from the west for the north. The drive over the bridge is the main north and south route. Experts declare the grade separation will greatly relieve congestion. (Story on page 14.)
